Journal Of Pain And Palliative Care:

Pain and Palliative Care in the Developing World and Marginalized Populations M.r. Rajagapol,2004-03-31

Essential information for anyone involved in palliative care programs for deprived patients In this comprehensive resource leading healthcare professionals describe pioneering work on the front lines of pain and palliative care service planning and implementation for underserved populations Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge explores the challenges and barriers preventing satisfactory pain management for patients who urgently need it This book provides you with true accounts of palliative care programs from around the world to help you meet the needs of disadvantaged clients This essential volume includes a Foreword written by a world leader in palliative care Jan Stjernsward Former Chief of the Cancer and Palliative Care Program of the World Health Organization and currently International Director of the Oxford International Centre for Palliative Care in the United Kingdom Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge addresses issues of vital importance for the global health care community such as Why do so many people in the developing world suffer excruciating pain for months and years when simple inexpensive medication could make them comfortable They get MRI scans why don t they have access to palliative care Why do some palliative care programs fail to reach the needy How could a palliative care delivery system be adapted to local needs Why are medical and nursing students not taught the fundamentals of pain management What direction should palliative care education take Could health care resources be channeled to deliver care in a more just and equitable manner This book chronicles the efforts of ambitious pain management care professionals to confront these questions working toward an end to needless preventable pain and suffering It examines their programs and acknowledges their successes and failures to date with commentaries by international experts This indispensable manual discusses palliative care programs in developing countries such as India Chile Argentina Saudi Arabia Thailand Hong Kong Malaysia and others Pain and Palliative Care in the Developing World and Marginalized Populations also offers an important look at pain management programs geared toward several specific underserved populations in both developing and developed countries including Native Americans and inmates in a New Zealand prison Illustrated with figures graphs and tables this book is essential for practitioners and officials in both palliative and public health care All proceeds from sales of this book will be used to support the growth of palliative care programs in India *Handbook of Pain and Palliative Care* Rhonda J. Moore,2012-01-05 *Handbook of Pain and Palliative Care Biobehavioral Approaches for the Life Course* Rhonda J Moore editor This book takes both a biobehavioral and a lifespan approach to understanding long term and chronic pain and intervening to optimize patients functioning Rich in clinical diversity chapters explore emerging areas of interest computer based interventions fibromyalgia stress ongoing concerns cancer pain low back pain and special populations pediatric elderly military This coverage provides readers with a knowledge base in assessment treatment and management that is up to date

practice strengthening and forward looking Subject areas featured in the Handbook include Patient practitioner communication Assessment tools and strategies Common pain conditions across the lifespan Biobehavioral mechanisms of chronic pain Pharmaceutical neurological and rehabilitative interventions Psychosocial complementary alternative narrative and spiritual approaches Ethical issue and future directions With the rise of integrative perspective and the emphasis on overall quality of life rather than discrete symptoms pain management is gaining importance across medical disciplines Handbook of Pain and Palliative Care stands out as a one stop reference for a range of professionals including health practitioners specializing in pain management or palliative care clinical and health psychologists public health professionals and clinicians and administrators in long term care and hospice

Handbook of Pain and Palliative Care Rhonda J. Moore, 2019-06-12 This comprehensive revision of the invaluable reference presents a rigorous survey of pain and palliative care phenomena across the lifespan and across disciplines Grounded in the biopsychosocial viewpoint of its predecessor it offers up to date understanding of assessments and interventions for pain the communication of pain common pain conditions and their mechanisms and research and policy issues In keeping with the current public attention to painkiller use and misuse contributors discuss a full range of pharmacological and non pharmacological approaches to pain relief and management And palliative care is given expanded coverage with chapters on interventional ethical and spiritual concerns Pain intercultural communication and narrative medicine Assessment of pain tools challenges and special populations Persistent pain in the older adult practical considerations for evaluation and management Acute to chronic pain transition in the post surgical patient Evidence based pharmacotherapy of chronic pain Complementary and integrative health in chronic pain and palliative care The patient's perspective of chronic pain Disparities in pain and pain care This mix of evolving and emerging topics makes the Second Edition of the Handbook of Pain and Palliative Care a necessity for health practitioners specializing in pain management or palliative care clinical and health psychologists public health professionals and clinicians and administrators in long term care and hospice

Symptom Relief in Palliative Care Mervyn Dean, 2006 This guide for professionals in a wide cross section of caring environments involved in palliative advanced disease includes identifying distress in a person with severe communication difficulties difficult decisions symptom sections and sections on emergencies and drug information

Journal of Pain and Palliative Care Pharmacotherapy, 2002

Hospice and Palliative Care Walter B. Forman, 2003 Hospice and Palliative Care Concepts and Practice Second Edition offers theoretical perspectives and practical information about this growing field Contributing authors from a variety of backgrounds working in end of life care present a historical overview of hospice and explain how the interdisciplinary team functions in the hospice setting They then discuss challenges to the team including symptom management death education ethical issues and support groups The future of hospice is addressed in the final part of the book The contributors are experts in community medical care geriatric care nursing care pain management research counseling and hospice management

Oxford Textbook of Palliative Medicine

Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care **The Internet Journal of Pain, Symptom Control and Palliative Care** , A Guide to Symptom Relief in Palliative Care, 6th Edition Claud Regnard, Mervyn Dean, 2022-01-26 This established and well regarded Guide describes the management of patients with advanced disease Its foundation is a clinical decision making approach in which the patient s information guides the professional s approach to appropriate management This Sixth Edition has been fully updated reflecting the latest advances in knowledge and care of cancer and non cancer patients with advanced disease including children and people with severe communication difficulties Sections on symptoms other than pain and emergencies are set out alphabetically with the Emergencies section now located at the end of the book for ease of reference The Drug Information section has been extensively updated and colour and design refinements introduced throughout for greater clarity and emphasis All references continue to be categorised to make their evidence base clearer Maintaining the high standard set by previous editions over the past quarter century this continues to be the definitive guide to palliative care symptom relief for professionals in a wide variety of caring environments *A Guide to Symptom Relief in Palliative Care* Claud F. B. Regnard, Mervyn Dean, 2010 This established and well regarded Guide describes the management of patients with advanced disease Its foundation is a clinical decision making approach in which the patient s information guides the professional s approach to appropriate management This Sixth Edition has been fully updated reflecting the latest advances in knowledge and care of cancer and non cancer patients with advanced disease including children and people with severe communication difficulties Sections on symptoms other than pain and emergencies are set out alphabetically with the Emergencies section now located at the end of the book for ease of reference The Drug Information section has been extensively updated and colour and design refinements introduced throughout for greater clarity and emphasis All references continue to be categorised to make their evidence base clearer Maintaining the high standard set by previous editions over the past quarter century this continues to be the definitive guide to palliative care symptom relief for professionals in a wide variety of caring environments **Palliative and Serious Illness Patient Management for Physician Assistants** Nadya Dimitrov, Kathy Kemle, 2021-09-09 From its beginning with Eugene Stead MD at Duke University the Mission of the Physician Assistant profession has been to create increase or expand health care access in areas and populations with the greatest need 1 Dr Henry Silver s Child Health Associate Program at the University of Colorado is a good example as is Dr Hu Myer s Alderson Broadbush Program which serves isolated rural communities in West Virginia 2 Dr Richard Smith s MEDEX Program at the University of Washington was also designed specifically to serve rural and medical underserved communities of the Pacific Northwest 3 Palliative Care Nursing Deborah Witt Sherman, 2010 This textbook has introduced concepts and methods of education which help to move palliative nursing forward as an evidenced based practice of whole person care Betty Ferrell PhD FAAN Research

Scientist From the Foreword In this comprehensive textbook on palliative care nursing editors Marianne Matzo and Deborah Witt Sherman succeed in bringing together the heart of nursing and the true meaning of palliative care with the most current evidence based practice GeriPal Palliative care is a philosophy of caregiving that integrates disease modification with supportive compassionate therapies for patients at the end of life Palliative care nurses are responsible for alleviating pain and other physical symptoms along with satisfying the emotional social cultural and spiritual needs of patients who are facing life threatening illness This third edition of Palliative Care Nursing provides more comprehensive newly updated content knowledge attitudes skills and cutting edge teaching and learning strategies to achieve the AACN End of Life nursing competencies providing a lifespan approach Now in its third edition this book continues to emphasize the value of complementary holistic modalities in promoting health wholeness and wellness even as death approaches Key topics discussed Ethical aspects of palliative care Legal aspects of end of life decision making Loss suffering grief and bereavement on the part of patients and their families Symptom specific nursing management of pain anxiety depression fatigue malnutrition and dehydration all common to palliative care How to communicate with the seriously ill and dying patients their families and their health care providers Disease specific aspects of palliative care for those battling cancer heart disease lung disease HIV AIDS end stage renal and liver disease neurological and other disorders *Textbook of Palliative Medicine and Supportive Care* Eduardo Bruera,Irene Higginson,Charles F. von Gunten,Tatsuya Morita,2015-01-15 the thoroughness of the text has to be admired It is an excellent starting point for students of palliative care which makes an important contribution to any library British Journal of Hospital Medicine covers a plethora of topics ranging from the development of palliative medicine in different countries to clinical topics and bioethics an **To Comfort Always** David Clark,2016-10-06 Palliative medicine was first recognised as a specialist field in 1987 One hundred years earlier London based doctor William Munk published a treatise on easeful death that mapped out the principles of practical spiritual and medical support at the end of life In the intervening years a major process of development took place which led to innovative services new approaches to the study and relief of pain and other symptoms a growing interest in holistic care and a desire to gain more recognition for care at the end of life This book traces the history of palliative medicine from its nineteenth century origins to its modern practice around the world It takes in the changing meaning of euthanasia assesses the role of religious and philanthropic organisations in the creation of homes for the dying and explores how twentieth century doctors created a special focus on end of life care To Comfort Always traces the rise of clinical studies academic programmes and international collaborations to promote palliative care It examines the continuing need to support development with evidence and assesses the dilemmas of unequal access to services and pain relieving drugs as well as the periodic accusations of creeping medicalization within the field This is the first history of its kind and the breadth of information it encompasses makes it an essential resource for those interested in the long term achievements of palliative medicine as well as the

challenges that remain Textbook of Palliative Medicine Eduardo Bruera,Irene Higginson,Charles F von Gunten,2009-01-30 Textbook of Palliative Medicine provides an alternative truly international approach to this rapidly growing specialty This textbook fills a niche with its evidence based multi professional approach and global perspective ensured by the international team of editors and contributing authors In the absence of an international curriculum for the study of palliative medicine this textbook provides essential guidance for those both embarking upon a career in palliative medicine or already established in the field and the structure and content have been constructed very much with this in mind With an emphasis on providing a service anywhere in the world including the important issue of palliative care in the developing nations Textbook of Palliative Medicine offers a genuine alternative to the narrative approach of its competitors and is an ideal complement to them It is essential reading for all palliative care physicians in training and in practice as well as palliative care nurses and other health professionals in the palliative care team *Evidence-Based Palliative Care* H. H. Abu-Saad,2008-04-15 This book describes the current state of the art in the field of palliative care in children and adults Special emphasis is placed on addressing the efficacy and effectiveness of palliative care models pain and symptom management and on measuring quality of life In addition the book evaluates current research methods in palliative care and suggests suitable alternatives Finally the book bridges the gap between science and practice by providing the reader with the current evidence and how it can be applied in the practice setting **Cancer Pain** Eduardo D. Bruera,Russell K. Portenoy,2003-06-23 Nearly one in three people will be diagnosed with cancer and many of these patients will suffer from related cancer pain Cancer associated pain is widely feared by cancer patients but knowledge about the causes and management of cancer pain has increased dramatically in recent years and many new treatment options are available This comprehensive book discusses the unique characteristics of cancer pain including its pathophysiology clinical assessment diagnosis pharmacological management and nonpharmacological treatment The internationally recognized authors are leaders in cancer pain research and they apply their first hand knowledge in summarizing the principal issues in the clinical management of cancer pain This state of the art book cohesively addresses the full range of disciplines regularly involved in cancer pain management including pharmacology communication studies and psychology Cancer Pain is a scholarly but accessible text that will be an essential resource for physicians nurses and medical students who treat patients suffering from cancer pain **The Pursuit of Life** Robert Fine,Jack Levison,2023-01-06 This volume examines crucial concerns in palliative care including the proper balance between comfort and cure for the patient the integration of spiritual well being and the challenges of providing care in the absence of basic medical services and supplies In the first section palliative care pioneers Constance Dahlin Eduardo Bruera Neil MacDonald and Declan Walsh recount the early history of the discipline Part 2 discusses the role of poetry prose plays and other aspects of the humanities in the practice of palliative care Part 3 explores essential current issues in the field including autonomy the use of opioids and the impact of artificial intelligence on the

evolution of palliative care The final section focuses on the spiritual dimensions of pain and suffering Rich with anecdotes and personal stories and featuring contributions from pioneers and current practitioners The Pursuit of Life is an essential assessment of the past present and future of palliative care In addition to the editors the contributors include W Andrew Achenbaum Stacy L Auld Elena Pagani Bagliacca Costantino Benedetti Courtenay Bruce Eduardo Bruera Joseph Calandrino Jim Cleary Constance Dahlin Andrea Ferrari Mauro Ferrari Joseph J Fins Bettie Jo Tennon Hightower Kathryn B Kirkland Robin W Lovin Neil MacDonald Charles Millikan Dominique J Monlezun Tullio Proserpio Giovanna Sironi Daniel P Sulmasy and Declan Walsh *Journal of Palliative Care* ,2004 *Pain Management at the End of Life* Kenneth J. Doka,2006
