Je Reviens Chez Nous:

Je reviens chez nous (Jean-Pierre Ferland). Jean Patenaude, Theatre du P'tit Bonheur, 1973 Canadiana, 1991 **Je reviens chez-nous, 1973 - reviews and articles**
Revue britannique, 1896 **Portraits de femmes et d'hommes remarquables** Robert Durocher, 2022-04-22 Dans ce livre vous découvrirez 36 histoires de femmes et d'hommes remarquables racontées par des spécialistes. Ces personnages nous ont légué un patrimoine culturel dont nous profitons encore aujourd'hui. En ce sens, ils ont fait l'histoire de l'humanité. Chacune de ces biographies représente des leçons de vie et leur lecture favorisera le développement d'une culture générale pour tous. Le niveau de culture générale des étudiants et étudiantes est souvent jugé insatisfaisant, leur arrivée au campus. Il en est ainsi également chez la population en général. Or, la culture générale sert à interpréter le monde et prendre des décisions plus claires. Plus une personne a une bonne culture générale, plus son jugement aura des chances d'être solide, car il s'appuiera sur des sources historiques variées. En outre, le développement d'une bonne culture générale amène l'individu à se concentrer sur lui-même. Progressivement, il découvre l'expérience humaine à travers le temps. Pour développer une bonne culture générale, les livres sont une ressource inestimable. Je souhaite que ce beau livre se retrouve entre les mains du plus grand nombre de personnes possible, dans les familles et les écoles, autant pour susciter le goût de la lecture chez les gens de tous âges que pour les amener à discuter entre eux. Quel est votre personnage préféré et pour quelles raisons? Quelle a été la réalisation la plus marquante racontée dans cet ouvrage? Quelle a été la découverte la plus utile pour l'humain? Enfin, j'espère que certains de ces personnages seront une source d'inspiration pour bien du monde, surtout en ces temps où le passé est de plus en plus méconnu dans nos sociétés. Puisse cet ouvrage susciter des vocations parmi nos plus jeunes lecteurs. *Revue britannique, ou: Choix d'articles traduits des meilleurs écrits périodiques de la Grande-Bretagne* Amédée Pichot, Pierre-Amédée Pichot, 1896 **La guerre des nues racontée par ses morts** Jacques Mortane, Jean Daçay, 1918 **Voyages en nostalgie** Denis Bachand, 2021-08-18 Voyages en nostalgie explore un corpus de productions culturelles et artistiques choisies en fonction de leur pouvoir évocateur et de leur capacité à faire ressurgir des moments privilégiés grâce aux lectures, aux musiques, aux publicités, aux fictions, aux images visuelles, aux films et aux jeux vidéo. Si notre existence est faite de rencontres avec des personnes en chair et en os, elle est également modelée par d'innombrables rencontres virtuelles médiatisées par les propositions artistiques que leurs auteurs soumettent à notre attention. À travers celles-ci, nous construisons notre identité. Nous apprenons à vivre et nous connaissons en découvrant plusieurs visions du monde. Certaines créations éveillent spontanément des motions liées à nos expériences personnelles. D'autres se déposent dans notre inconscient pour y surgir de façon inattendue, ou à la suite d'un travail volontaire d'excavation des souvenirs et d'exercice de la mémoire. Elles constituent des crans sur lesquels nous nous projetons et des tremplins favorisant l'exercice de notre propre expression. Voici un texte hybride dans lequel le ton alterne entre le registre de l'rudition et celui plus intimiste des reminiscences qu'elles suscitent chez le sujet qui les révoit, chacun ses nostalgies. **Pleurs et sourires,**

Piano Lesson Billy Georgette, 2014-03-25 Being sent for piano lessons was probably the single worst thing that could have happened in my young life But thanks to an exceptional lady and piano teacher named Florence Powers I wound up unexpectedly becoming a professional piano player Here are some curious things about the piano that I picked up along the way Playing the piano has got to be one of life s greatest treasures In my estimation there are few other activities that can even begin to compare with the ability to play this amazing instrument As you can probably guess I have the highest regard for those individuals who have mastered the art of playing the piano Some performers have taken the art to a very high level often out of the reach of most players But my aim here is to present a simple accessible approach on learning how to listen to or how to approach playing the piano for one s own pleasure first and foremost This self centered idea doesn t necessarily imply being selfish but it probably does require a slight adjustment to one s priorities However if you can get around this inconvenience the possibilities are sitting right there in front of you and all you have to do is reach out and take My aim here is to demystify the piano for both listeners or those who wish to learn how to get started in learning how play this amazing instrument In any event I feel that pleasure can be derived by having a wider understanding as just what the piano actually is And while a book such as this one may be helpful to those who wish to learn to play the piano there is no substitute for a live teacher However it s extremely important to find a teacher that can fulfill one s personal musical taste and ambition There is much involved if a student wishes to become a proficient music reader thus having a good teacher is essential to success in this area Take your time in finding the right one and good luck However before looking at the piano it s also important to establish what kind of music one is interested in whether for listening or performing For purposes of this book I have arbitrarily broken it down into four major forms Classical Standards Popular and Jazz Classical leads the list as the music that has been around longer much longer than the other two forms of music It represents the foundation of all of today s music Much of it is seriously challenging to play and requires years of dedicated practice At the concert level Olympic style discipline prevails as the techniques of performance far surpasses the scope of this book Be that as it may classical music has an abundance of priceless melodies that can be played in a simplified manner while still retaining their pure magic for listeners and pianists Music operates on principles that were founded in the past 600 years they carry with them an enormous amount of human cultural genius including the invention of equal temperament
