, **Napoleon** Adam Zamoyski, 2018-10-16 The definitive biography of Napoleon hailed as magnificent by The Economist What a novel my life has been Napoleon once said of himself Born into a poor family the callow young man was by twenty six an army general Seduced by an older woman his marriage transformed him into a galvanizing military commander The Pope crowned him as Emperor of the French when he was only thirty five Within a few years he became the effective master of Europe his power unparalleled in modern history His downfall was no less dramatic The story of Napoleon has been written many times In some versions he is a military genius in others a war obsessed tyrant Here historian Adam Zamoyski cuts through the mythology and explains Napoleon against the background of the European Enlightenment and what he was himself seeking to achieve This most famous of men is also the most hidden of men and Zamoyski dives deeper than any previous biographer to find him Beautifully written Napoleon brilliantly sets the man in his European context
