Comments and limitations:

The "Style Manual for Authors, Editors and Printers", formerly published by the Australian Government Publishing Service, is still often referred to as the "AGPS Manual". It is also known as the "AGIMO Manual", because it is currently published for the Australian Government Information Management Office. It is also referred to as the "Snooks Manual", because the 6th edition was prepared by the consultants Snooks and Co.

Bibliography Notes:

1. This EndNote output style will not alter the capitalisation of the references as entered in your EndNote library. For those references to be compatible with the style, they must use headline capitalisation for the titles of journals and newspapers, and sentence capitalisation for the titles of books, journal articles, newspaper articles, book chapters, films and unpublished material (including theses).
