Kivi Aleksis Seitseman Veljesta:

The Brothers Seven Aleksis Kivi, 2017-01-16 Seitsemän veljestä The Brothers Seven the 1870 Finnish novel by Aleksis Kivi 1834-1872 is one of the most in famously unknown classics of world literature unknown not only because so few people in the world can read Finnish but also because the novel is so incredibly difficult to translate the Mount Everest of translating from Finnish It is difficult to translate not only because it blends a saturation in Homer Shakespeare Dante Cervantes and the Bible with a brilliantly stylized form of local dialect but because it is wild grotesque carnivalistic and laugh out loud funny on every page It has been translated 58 times into 34 languages but somehow the translations always seem to fall short of their flamboyant original Douglas Robinson's new translation is a bold attempt to remedy that He aims to make Kivi as rhythmic as alliterative as brash as grotesque and as funny in English as he is in Finnish Since Kivi deliberately used an archaic Finnish but used it playfully and since Kivi was steeped in Shakespeare to the point of memorizing whole plays Robinson translates him into a playful Shakespearean register As he notes in his Preface this makes the translation a bit difficult to read but the original is difficult for Finns to read as well and the Finnish readers who love Kivi and that is most of them read him with pleasure despite the words they don't know because his prose is so intensely alive **Alexis Kivi och hans roman**

"Seitsemän veljesta" Arvid Mörne, 1911 **Translation and the Problem of Sway** Douglas Robinson, 2011 Printbegränsningar Der kan printas 10 sider ad gangen og max 40 sider pr session Translating the Monster Douglas Robinson, 2022-10-24 One of the hottest battles emerging out of the theoretical and methodological collisions between Comparative Literature and Translation Studies especially on the battleground of World Literature has to do with translatability and untranslatability Is any translation of a great work of literature not only a lamentable betrayal but an impossibility Or is translation an imperfect but invaluable tool for the transmission of works and ideas beyond language barriers Both views are defensible indeed both are arguably commonsensical What Douglas Robinson argues in *Translating the Monster* however is that both are gross oversimplifications of a complex situation that he calls on Jacques Derrida to characterize as the monster The Finnish novelist Robinson takes as his case study for that monstrous rethinking is Volter Kilpi 1874-1939 regarded by scholars of Finnish literature as Finland's second world class writer the first being Aleksis Kivi 1834-1872 Kilpi's modernist experiments of the 1930s especially his so called Archipelago series beginning with his masterpiece *In the Alastalo Parlor* 1933 were forgotten and neglected for a half century due to the extreme difficulty of his narrative style he reinvents the Finnish language to the extent that many Finns say it is like reading a foreign language and one contemporary critic called it the Mesopotamian language of a half wit That novel has been translated exactly twice into Swedish and German *Translating the Monster* also gives the English speaking reader an extended taste of the novel in English en route to a series of reframings of the novel as allegories of translation and world literature *Exploring the Translatability of Emotions* Susan Petrilli, Meng Ji, 2022-03-09 This book offers an in depth cross cultural and transdisciplinary

discussion of the translatability of social emotions The contributors are leading philosophers semioticians anthropologists communication and translation theorists from Europe America and Australia Part I explores the translatability of emotions as a culturally embedded social behaviour that requires a contextualized interpretation of their origins and development in different social and cultural settings These studies make useful preparations for the studies introduced in Part II that continue investigating the cultural and sociological influence of the development of social emotions with a special focus on the dialogical relation to the body and to others Part III presses on delving into specific types of emotions which underscore social interactions at both the community and individual levels such as dignity im politeness self regard and self esteem Finally Part IV offers a further development on the preceding parts as it discusses problems of translation expressibility and mass medial communication of emotions This book will engage translation scholars as well as those with a broader interest in the study and interpretation of emotions from different fields perspectives and disciplines **National Union Catalog**
