Meteorologue Rolin Olivier:

Le météorologue Olivier Rolin, 2014 Son domaine c'était les nuages Sur toute l'étendue immense de l'URSS les avions avaient besoin de ses prévisions pour atterrir les navires pour se frayer un chemin travers les glaces les tracteurs pour labourer les terres noires Dans la conquête de l'espace commençaient ses instruments sondaient la stratosphère il rêvait de domestiquer l'énergie des vents et du soleil il croyait construire le socialisme jusqu'au jour de 1934 où il fut arrêté comme saboteur partir de cette date sa vie celle d'une victime parmi des millions d'autres de la terreur stalinienne fut une descente aux enfers Pendant ses années de camp et jusqu'à la veille de sa mort atroce il envoyait sa toute jeune fille l'honneur des dessins des herbiers des devinettes C'est la découverte de cette correspondance adressée à une enfant qu'il ne reverrait pas qui marqua le destin d'Alexeï Feodosievitch Vangengheim le météorologue Mais aussi la conviction que ces histoires d'un autre temps d'un autre pays ne sont pas lointaines comme on pourrait le penser le triomphe mondial du capitalisme ne s'expliquerait pas sans la fin terrible de l'espérance révolutionnaire P 4 of cover

Stalin's Meteorologist Olivier Rolin, 2018-12-11 Winner of the 2014 Prix du Style Masterful An eloquent addition to a violent episode in the history of science in the twentieth century Nature In 1934 the highly respected head of the Soviet Union's meteorology department Alexei Feodosievich Wangenheim was suddenly arrested without cause and sentenced to a gulag Less than a year after being hailed by Stalin as a national hero he ended up with thousands of other political prisoners in a camp on Solovetsky Island under vast northern skies and surrounded by water that was for more than six months of the year a sheet of motionless ice He was violently executed in 1937 a fact kept from his family for nearly twenty years Olivier Rolin masterfully weaves together Alexei's story and his eventual fate drawing on an archive of letters and delicate drawings of the natural world that Wangenheim sent to his family from prison Tragically Wangenheim never stopped believing in the Revolution maintaining that he'd been incarcerated by accident that any day Stalin would find out and free him His stubbornness suffuses the narrative with tension and offers insight as to how he survived an impossible situation for so long Stalin's Meteorologist is a fascinating work that casts light on the devastating consequences of politically inspired paranoia and the mindlessness and trauma of totalitarianism relevant revelations for our time

Territoires de la non-fiction, 2020-09-25 Si les siècles qui précédaient avaient vu le couronnement du roman la littérature du XXI^e siècle débute avec le triomphe du document critiques de voyage d'investigation enquêtes judiciaires ou ethnologiques autobiographies factographies factions rapports et enregistrements littéraires et autres formes de récits refusant de se dire fictions occupent nos librairies merge sous nos yeux une toute nouvelle littérature d'information de témoignage d'inventaire ou de documentation Or ces textes ne se contentent pas de jouer les critiques des classements des bibliothèques et d'intriguer les théoriciens du récit ils modifient profondément les catégories du littéraire et imposent leur poétique propre C'est dire si l'heure est inventer et comprendre les territoires de la non-fiction genre capital de notre contemporain If the previous centuries had seen the crowning of the novel the

literature of the 21st century begins with the triumph of the document travel writings investigative criminal or ethnological investigations autobiographies factographies factions literary reports and recordings and other forms of narrative that refuse to call themselves fictions occupy our bookstores a whole new literature of information testimony inventory or documentation is emerging before our eyes Yet these texts not only thwart the criteria of library classifications and intrigue narrative theorists they also profoundly modify the categories of the literary and impose their own poetics In other words the time has come to inventory and understand the territories of non fiction the capital genre of our time

Repair the World Alexandre Gefen, 2024-08-19 Talk of repair has become ubiquitous in recent years In the age of trauma culture art and literature have a new purpose to do justice to console comfort and heal Drawing on works of twenty first century French language literature this monograph shows how literature can not only serve as a means of personal development but expand our capacity for empathy help repair the brokenness implied in victimhood and redress individual and collective traumas Centered on a critical reflection on discourses of repair and reparations it questions the canonical theories on the functions of literature and proposes a new way of writing and reading literary history Praise Repair the World is an invigorating and essential call to arms The modern category of the literary it declares is being outpaced by the contemporary uses of literature as a medium of exorcism empathy reparation testimony commemoration existential renewal and ethical or political connectivity Neither celebrating nor condemning such uses Gefen models a much needed style of criticism interdisciplinary pragmatic relational that comes to grips with their importance Rita Felski the John Stewart Bryan Professor and Professor of English at the University of Virginia USA In an era where self help memoir and autobiography command more than their fair share of publisher's lists in France it's tempting some fifty years after post structuralism's heyday to ascribe an impending death of literature to a taste for narcissistic exhibitionism in French literary culture But why bemoan the waning relevance of the question what is literature asks Alexandre Gefen when evidence abounds in the new century that literary writing increasingly posits itself as a restorative reparative act In the best instances authors who give form to embodied experience imaginatively forge with their readers empathetic bonds of the sort that secular and religious institutions long sustained Repair the World is not only a capacious study of writers who hail from surprisingly broad sectors of French society from health and social workers to skilled laborers journalists and educators it's a situated call for a pragmatics of reading that makes of each book an intervention into the fabric of the real Harnessing sources in affect theory trauma studies ethics and

cognitive science Alexandre Gefen performs a critically reparative act all his own reminding us that the notion of literature as autonomous object was itself a historical construct in short an ideology Reading and writing have always conjoined care for the self and care for others and it is upon that reciprocity that the communities of sense of tomorrow can flourish in a spirit of reparative humanism Derek Schilling Professor of French Director of the Centre Louis Marin Department of Modern Languages and Literatures Johns Hopkins University USA Alexandre Gefen's wide ranging thought provoking study takes stock of a paradigm shift in contemporary French literature away from a model of autonomy and intransitivity to ways of writing and reading that seek to repair restore reassure and rebuild From the varied forms of expressivity found in self narratives to the empathetic projections of fiction Repair the World maps out an expanding literary territory that seeks not critical negativity but rather the power to intervene for good in individual and collective life While reserving judgment on the actual extent of literature's effects Gefen demonstrates that contemporary projects and discourses undeniably center the therapeutic and remediative uses of literature With its nuanced readings and keen insights Repair the World has been rightly influential in France its powerful diagnosis of contemporary sensibilities resonates far beyond revealing both the promises and predicaments of literature in the twenty first century Alison James Professor of French and Chair of the Department of Romance Languages and Literatures at the University of Chicago USA What would it mean to ask Sartre's post war question What is literature in the 21st century In this wonderful essay Alexandre Gefen argues convincingly that the main purpose of literature today is to repair a broken world and memorialise forgotten lives Taking examples from predominantly contemporary French literature he proposes that literature as therapy has replaced religions of salvation a politics of emancipation and formal experimentation Today literature's mission is to heal traumatised individuals and communities resurrect the lives of the vulnerable and commemorate their deeds in the face of the forces of oblivion For Gefen Patrick Modiano's Dora Bruder 1997 is the contemporary literary archetype of these lost identities to be rehabilitated and reinhabited Gefen describes this new role for literature without taking sides the writing is lucid compelling and non partisan In an age of victimhood testimony empathy self expression and identity Gefen's reparative paradigm is as persuasive as Sartre's political version in the age of ideology Max Silverman Professor of Modern French Studies University of Leeds UK
