publicdomain.org.uk      **Knights of Art** Amy Steedman,2015-10-31 Nearly a hundred years had passed by since Giotto lived and worked in Florence and in the same hilly country where he used to tend his sheep another great painter was born Many other artists had come and gone and had added their golden links of beauty to the chain of Art which bound these years together Some day you will learn to know all their names and what they did But now we will only single out here and there a few of those names which are perhaps greater than the rest Just as on a clear night when we look up into the starlit sky it would bewilder us to try and remember all the stars so we learn first to know those that are most easily recognised the Plough or the Great Bear as they shine with a clear steady light against the background of a thousand lesser stars The name by which this second great painter is known is Fra Angelico but that was only the name he earned in later years His baby name was Guido and his home was in a village close to where Giotto was born He was not a poor boy and did not need to work in the fields or tend the sheep on the hillside Indeed he might have soon become rich and famous for his wonderful talent for painting would have quickly brought him honours and wealth if he had gone out into the world But instead of this when he was a young man of twenty he made up his mind to enter the convent at Fiesole and to become a monk of the Order of Saint Dominic Every brother or frate as he is called who leaves the world and enters the life of the convent is given a new name and his old name is never used again So young Guido was called Fra Giovanni or Brother John But it is not by that name that he is known best but that of Fra Angelico or the angelic brother a name which was given him afterwards because of his pure and beautiful life and the heavenly pictures which he painted With all his great gifts in his hands with all the years of youth and pleasure stretching out green and fair before him he said good bye to earthly joys and chose rather to serve his Master Christ in the way he thought was right      **Knights of Art** Amy Steedman,2017-12-20 Excerpt from **Knights of Art** Stories of the Italian Painters Afterwards when Christ had come and the people had learned that the pictured gods were not real they began to think it wicked to make beautiful pictures or carve marble statues The few pictures that were made were stiff and ugly the figures were not like real men and women the animals and trees were very strange looking things And instead of making the sky blue as it really was they made it a chequered pattern of gold After a time it seemed as if the art of making pictures was going to die out altogether About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Knights* Bonnie Hardison,2014-04-03 Knights are frequently thought of in fairy tales or legends Often we think of them doing great impressive and heroic deeds But do we think of them when we think of great art This is a picture book for all ages of knights in art      **The Artist/knight**
