Knowledge And Skill Development In Nonprofit Organizations:

Knowledge and Skill Development in Nonprofit Organizations Roger Weis, 2004-01-01 Never before has there been a greater need for talented skilled and principled leaders in today's nonprofit organisations. This introductory textbook zeroes in on the most critical competencies so necessary for success in the field. It is a book you will be glad you read and studied.

Human Resource Management in the Nonprofit Sector Ronald J. Burke, Cary L. Cooper, 2012-01-01 This volume addresses on several important topics that influence HRM in the nonprofit sector. By providing rich context and linking research to practice, it creates a foundation for those interested in advancing the art and science of human resources in voluntary organizations. Gary R. Kirk, Virginia Tech, US. This impressive book assembles the latest research findings and thinking on the management of voluntary nonprofit sector organizations and the effective utilization of both paid staff and volunteers. The authors expertly look into the challenges faced by this sector and the growing role that it plays in society. They review HRM in the voluntary sector and discuss the challenges of bringing about best practices as well as suggesting how to improve leadership of voluntary nonprofit organizations. Nonprofit organizations serve several useful purposes in society and exist in every country in the world. Like organizations in other sectors, nonprofit organizations now have to do more with less. This book indicates the ways in which human resource management policies and practices can improve the effectiveness of nonprofit organizations. The authors consider the roles played by nonprofit organizations in effective leadership and its development, developing the nonprofit brand, enhancing learning and skills development of both paid staff and volunteers, and encouraging and supporting organizational change. They also examine how university-based education programs are developing talent in the nonprofit sector. This timely book will prove invaluable to academics and doctoral students interested in all aspects of management within the nonprofit voluntary sector. Government professionals working in this sector will also find this compendium insightful.

Leadership in Nonprofit Organizations Kathryn A. Agard, 2011 Leadership in Nonprofit Organizations tackles issues and leadership topics for those seeking to understand more about this dynamic sector of society. Key features include contributions from a wide range of authors who reflect the variety, vibrancy, and creativity of the sector itself; an overview of the history of nonprofit organizations in the United States; a description of a robust and diverse assortment of organizations and opportunities for leadership; an exploration of the nature of leadership and its complexity as exemplified in the nonprofit sector; availability both in print and online. This title will form part of the 2010 Encyclopedia Collection on SAGE Reference Online. The Handbook includes topics such as personalities of nonprofit leaders, vision and starting a nonprofit organization, nonprofit law, statutes, taxation and regulations, strategic management, financial management, collaboration, public relations for promoting a nonprofit organization, human resource policies and procedures.
