

Mean Absolute Deviation!

the average amount that each number is away from the mean of the whole set.

Step 1: Find the mean (the average)

Step 2: Find the *deviations*: subtract each number and the mean.

Step 3: Find the average of all of the "deviations"

(make the answers positive in step 2, add them all ,then divide)

Example: Find the mean absolute deviation of:

80, 85, 81, 0, 85, 90, 87, 92

Step 1:
Find the average: $80 + 85 + 81 + 0 + 85 + 90 + 87 + 92 = 600$
 $600/8 = 75$

Step 2:
Find the deviations $80 - 75 = 5$ $85 - 75 = 10$ $81 - 75 = 6$ $0 - 75 = -75$
 $85 - 75 = 10$ $90 - 75 = 15$ $87 - 75 = 12$ $92 - 75 = 17$

Step 3:
Find the average of the absolute value of the deviations: $5 + 10 + 6 + 75 + 10 + 15 + 12 + 17 = 150$
 $150/8 = 18.75$

inferences about populations based on several random samples The second major topic is comparing two populations either directly or by using samples from the populations Students learn to use the overall distributions and the measures of center and variability to compare two sets of data in various ways While some of the ways in which we compare the data are informal only all of the concepts presented are fundamental to the use of statistics in various sciences Students also do a project where they gather data on their own from two populations and compare them Math for College and Career Readiness, Grade 7 Christine Henderson, Karise Mace, Stephen Fowler, 2016-01-04 Help students identify and apply the real world math skills they need for lifelong success Math for College and Career Readiness provides grade appropriate practice that offers early preparation for a variety of career paths For each career your students will strengthen fundamental math skills while gaining background information and becoming proficient problem solvers Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle and upper grade classrooms Designed by leading educators this product line covers a range of subjects including math science language arts social studies history government fine arts and character Annual Report of the University of Wyoming Agricultural Experiment Station University of Wyoming.
