

Biology STAAR Review Foldable

Reasons we love it:

- Covers all major topics from the 5 STAAR Biology categories
- Includes STAAR question blueprint, interim STAAR data analysis section, and test "pep talk" section for individualized student interaction with materials
- Includes corresponding Google Slides allows absent students to have the same access to the information without making extra work for the teacher
- Corresponding Google Slides contain recent examples of each category topic from released STAAR Biology tests for student practice & familiarity

Students and the teacher can review all 5 reporting categories of the Biology STAAR test in a concise foldable format. This takes as few as 6 class periods (one per category and one to interpret interim data/ write a pep talk), but it can be extended as needed by the teacher.

Package includes:

- Student foldable (blank)
- Teacher key (filled in)
- Google Slides that correspond to each section of the foldable that walk students through review/fill in
- Links within Google Slides to Outlet vocabulary sets for each category as well as overall vocabulary review
- Links within Google Slides to Blocket sets for each category as well as overall review
