## **Metatrader 5 User Guide:**

**Metatrader 4 User Guide** ,      Scientific Guide To Price Action and Pattern Trading Young Ho Seo, 2017-07-07 In this book we want to deliver you the strong message on how beneficial the Price Action and Pattern Trading is in comparison to the technical indicators used last few decades This book heavily focuses on tradable patterns in the financial market The patterns include Fibonacci patterns Elliott Wave patterns Harmonic patterns and many other price patterns for your trading We share useful insight behind the financial market dynamics and price patterns from our computerized research We have put numerous trading strategies under five categories i e five regularities to make your life simpler We present the systematic view on market dynamics and price patterns to improve your knowledge in your financial trading Most importantly this book will help you to understand trend cycle and fractal wave You will learn how to attach them to your trading strategy After this book you will be able to use the wisdom of trend cycle and fractal wave at your advantage for your trading At the latter part of this book we also provide some useful information towards your trading management We provide practical knowledge on risk management and portfolio management You might need the Peak Trough Analysis tool to follow some of the chapters in this book You can freely download the Peak Trough Analysis tool from the Publisher s website Finally reader should note that this book contains some strong technical language We hope you to get the full benefits from many brand new knowledge introduced in this book for your financial trading Before reading this book we recommend to read Profitable Patterns in Forex and Stock Market and Guide to Precision Harmonic Pattern Trading Young Ho Seo, Harmonic Pattern trading uses the direct pattern recognition from the price chart to predict the potential turning point of the financial market Although the history of the harmonic pattern goes back to the Gartley s book Profits in the Stock Market in 1935 Harmonic Pattern trading became popular in last few decades In comparison to many contemporary predictive techniques there are far less literature available to study this technique in several different scientific angles Most of harmonic pattern trader focuses on the visual aspect of the pattern keeping very small attention on the precision aspect In this book we want to introduce the brand new precision concept Pattern Completion Interval and Potential Continuation Zone for harmonic pattern trading In the first few chapters of this book we will illustrate the concept and the operating mechanism behind these new techniques After that we will focus on how to manage your order and risk with Harmonic pattern We will illustrate how to apply this precision concept for both market order and pending order setup for your practical trading At the end of the book we describe the rolling ball effect and we show how it can affect your turning point strategy In the final chapter we introduce Mutual Pattern Turning Point Strategy for your practical trading Then we show you three essential but powerful steps to trade with turning point strategy Please note that we use our own custom ratio sets for harmonic patterns presented in this book because our backtesting and forward testing results indicates that they perform better than the original patterns The

studies presented in this book are the results after the intensive computerized research using Harmonic Patterns If you want to dig deeper on the rolling ball effect and the mutual pattern strategy for turning point prediction you can also read our book **Scientific Guide to Price Action and Pattern Trading** Young Ho Seo,2019-07-25 About This Book This is an introductory book for the chart patterns which can predict the turning point in the financial market This book provides the introductory guide for Forex and Stock market trading with these price patterns The patterns covered in this book include Fibonacci Price Patterns Harmonic Patterns Elliott Wave and X3 Chart Patterns We provide one unified scientific framework over these chart patterns with some practical examples This book also provides the detailed description on both geometric and numerical support and resistance in the special chapter At the end of the book we provide you the several practical tutorials to help your understanding with these chart patterns Each chapter provides the self testing questions to ensure your understanding except few chapters If you want to read my other two books including **Guide to Precision Harmonic Pattern Trading** and **Scientific Guide to Price Action and Pattern Trading** I

recommend to read this book first because this is an introductory book **ADVANCED GUIDE TO GRAPHIC ANALYSIS FOR FINANCIAL MARKETS** DUKE SOUZA, This book offers a technical and strategic deep dive into the most advanced tools and methodologies of chart analysis applied to the financial market From classic patterns to modern approaches such as Price Action Dow Theory Elliott Waves and Fibonacci it provides a complete foundation for readers who wish to accurately interpret market movements The work promotes a deep understanding of price dynamics teaching how to identify entry and exit signals support and resistance zones trends and reversal points with clarity and confidence [Invest Diva's Guide to Making Money in Forex: How to Profit in the World's Largest Market](#) Kiana Danial,2013-08-06 Invest Diva will show you how the global currency market works why social political and cultural events shape trading the smartest short and long term strategies best practices for navigating the economic calendar Plus you ll learn how to identify investment opportunities and spot trends using the five points of the Invest Diva Diamond Technical Analysis Fundamental Analysis Sentimental Analysis Capital Analysis and Overall Analysis From her popular blog to her worldwide TV and web presence Danial has become famous for making complex topics fun and easy to understand via simple everyday analogies With Invest Diva she shows women everywhere the stress free way to trade currencies without ever leaving home **FROM ZERO TO MASTERY IN**
