Excerpt from Essay on the Literature of the Mexican War The annexation of Texas and the consequent war with Mexico resulted in adding to the United States eight hundred and eighty six thousand four hundred and ninety square miles of territory an area much greater than all that is comprised in the States lying east of the Mississippi River and almost equal to that embraced in the Louisiana purchase of President Jefferson from Napoleon the First in 1803 The events of the war which added and confirmed to the Union this magnificent domain have been obscured by the magnitude of the recent civil war and they have become almost as remote in the popular imagination as the romantic incidents in the campaigns of Cortez in the sixteenth century But as the fires of civil strife are almost dead and peaceful industries are developing the wonderful resources of our Mexican acquisitions new interest is awakened in the circumstances of the conquest and the brilliant military achievements that attended them By the enterprise of our own people millions of gold and silver have been added to the world s wealth from the mines and placers of California Arizona New Mexico and Colorado and the plains of Texas are teeming with countless herds for the feeding of Europe A new but peaceful invasion of Mexico by American capital has been begun which arouses fresh interest in its history its native wealth and its destiny About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Review of the Mexican War* Charles T.
