The Library Friends, Foundations, and Trusts Handbook Diane P. Tuccillo, 2024-04-24 The Library Friends and Foundations Handbook is a must have resource for members of Friends groups. Foundations, library staff members, administrators and others who wish to begin or enhance such support group partnerships. Its background details build a knowledge base of what such groups are all about and its helpful recommendations can be put into practice as it focuses upon the history of such groups and how their contributions matter to the vitality of library institutions of all kinds: public, school, state, college, university and special. Describes the various kinds of Friends and Foundation groups, sometimes combined, how they are organized and run and ways they partner with the libraries they support so that readers may consider how they too might design and form or augment their own groups. Carefully explains how groups can effectively market their membership options and purposes to their communities. Gives practical advice on recruiting volunteers of all ages and providing training for them to beneficially aid their libraries both financially and with hands on assistance. Describes ways library support groups can advocate for their libraries. Presents a wide variety of fundraising and donation ideas, procedures and examples that readers can emulate reflecting current trends such as online book sales, grab bag book sales, gala events and securing grants along with equitable methods of monetary distribution. Offers a selected bibliography, a webliography and an appendix with sample documents. The book covers the history of such groups, how their contributions matter to the vitality of libraries and library institutions of all kinds: public, school, state, college, university and special. It describes the various kinds of Friends and Foundation groups, how they are organized and run, ways they partner with the libraries they support, how they can effectively market their membership options and purposes to the community to which they are dedicated and ways to advocate for their libraries. It explains how volunteers of all ages, yes including teenagers, are recruited, trained and used successfully to aid their libraries both financially and with hands on assistance. A wide variety of fundraising and donation ideas, procedures and examples are featured that reflect current trends in such activities as online and grab bag book sales, gala events, securing grants and methods of monetary distribution.

Beyond Book Sales Susan Dowd, 2014 Like library users, library donors hail from all walks of life. Regardless of the scope or complexity of library fundraising, successful efforts are always about forging and strengthening relationships with the range of stakeholders throughout the community. Dowd and her team from Library Strategies, a consulting group of the Friends of St Paul Public Library, share proven strategies that have brought in more than 1 million annually. Believing that private fundraising is a natural for libraries large and small, they start with 12 facts about library fundraising and focus on
