Multiple Choice Health Questions:

Multiple Choice Questions in Hospital Pharmacy Emad Hammouda, 2012-12-08 This book was issued in 2005 in response to the demands of competent pharmacists who are desperate to develop their career. It represents the experience of years of practice in hospital pharmacy in more than five middle east countries. The aim is to provide practical advice, exercise and an assessment tool to improve the profession of hospital pharmacy. Because of the nature of the information, this book is intended at first to be distributed only to fellow hospital pharmacists, then if inspired by further acceptance, it may be handled and exploited by other healthcare professionals as well. The majority of the information is focused on real subjective situations encountered in every day practice. Every effort has been made to ensure that the information contained in this book is correct, but no liability can be accepted for any inaccuracies or misstatements of fact contained herein, and any feedback is very welcomed. I hope that you will find this book useful and enjoyable as well. Emad I Hammouda RPh March 2005

Medical Education for the 21st Century Michael S. Firstenberg, Stanislaw P. Stawicki, 2022-06-01 Medical education has undergone a substantial transformation from the traditional models of the basic classroom, laboratory and bedside that existed up to the late 20th century. The focus of this text is to review the spectrum of topics that are essential to the training of 21st century healthcare providers. Modern medical education goes beyond learning physiology, pathophysiology, anatomy, pharmacology and how they apply to patient care. Contemporary medical education models incorporate multiple dimensions including digital information management, social media platforms, effective teamwork, emotional and coping intelligence, simulation as well as advanced tools for teaching both hard and soft skills. Furthermore, this book also evaluates the evolving paradigm of how teachers can teach and how students can learn and how the system evaluates success.
