The export premium version of the VTS is only available in select markets for sale in certain markets where it is required equipment. The export premium version of the VTS provides the same perimeter protection features as the base version, but adds interior vehicle intrusion protection. The export premium VTS also replaces the pulling horn feature of the base version with an alarm siren as the siren

deactivates, while retaining the floating corner lamp visual deterrent.

The VTS includes the following major components, which are described in further detail elsewhere in this service information:
