

YEAR OF 3RD GRADE LIBRARY LESSONS

3rd Grade

Standard(s):	Students develop an awareness of and interaction with literature in a variety of formats for the purpose of personal enrichment and information.
Learning Target: What do students need to learn in this lesson?	- I can describe the characteristics of a Folktale
Mini-Lesson:	In this lesson, students will be introduced to the genre of folktales and gain an understanding of the basic components of a folktale. Pass out the Folktale chart (below) and have students work individually or in pairs to fill out the first column. Read <i>Tops and Bottoms</i> by Stevens. Have students fill out the third row of the Folktale chart Who will the trickster be in this folktale? Who will the fool be in this folktale? What will the problem be in this folktale? What will the solution be to the problem in this folktale? What do you think the lesson (or what we are supposed to learn from this story) will be? As a final closing, I ask students if they can remember the parts of a folktale (trickster, fool, problem, solution, and lesson), and allow the students to restate the components.
Teaching Strategy:	Modeling and discussion
Assessment:	Informal verbal understanding-completing the Folktale chart
