

Medical Status Report

Prepared by Aaron A. Burke (burke@humnet.ucla.edu)
Revised October 8, 2012

PURPOSE OF THE FORM:

This form will allow excavation staff to assess the physical, mental, and emotional fitness of the applicant and to alert applicants who may not be medically fit for **strenuous work** and **difficult living conditions** on the excavation to reconsider their application. Living under stressful conditions and in a semi-tropical environment may cause otherwise minor ailments to become significant problems and may alter the effects of some medications. On many excavations participants experience recurrences of physical problems or problems with their medications which have adversely affected their participation. As a result, some persons require special medical attention that is available only at a hospital and others are often forced to leave prematurely. We ask, therefore, that you be completely candid in completing this. Failure to disclose known medical conditions may jeopardize your participation.

MEDICAL HISTORY

THIS SECTION IS TO BE COMPLETED BY THE APPLICANT BEFORE SEEING A PHYSICIAN

Full Name:

Address:

Name of medical/accident insurance plan:

Type of coverage:

Address and phone number of Company:

Policy No.:

Group No. (if applicable):

Expert Report Writing in Toxicology Michael D. Coleman, 2014-03-17 Every year throughout the world individuals health is damaged by their exposure to toxic chemicals at work In most cases these problems will resolve but many will sustain permanent damage Whilst any justified claim for compensation requires medical and legal evidence a crucial and often controversial component of this process is the establishment of a causal link between the individual s condition and exposure to a specific chemical or substance Causation in terms of how a substance or substances led the claimant to his or her current plight can be difficult to establish and the main purpose of this book is to provide the aspiring expert report writer with a concise practical guide that uses case histories to illuminate the process of establishing causation in occupational toxicity proceedings In summary A practical accessible guide to the preparation of balanced scientifically sound expert reports in the context of occupational toxicology Focuses on the scientist s role in establishing a causal link between exposure to toxins and an individual s ill health Includes real life case histories drawn from the Author s 15 years experience in this area to illustrate the principles involved Expert Report Writing in Toxicology Forensic Scientific and Legal Aspects proves invaluable to scientists across a range of disciplines needing guidance as to what is expected of them in terms of the best use of their expertise and how to present their findings in a manner that is authoritative balanced and informative
