Edition remains an indispensable resource for medical anthropologists as well as an excellent textbook for courses in medical anthropology ethnomedicine global health care and medical policy      Hope and Uncertainty in Health and Medicine

Bernhard Hadolt, Andrea Stöckl, 2024-05-06 In health and medicine imagining the future is essential in giving meaning to the past and the present and for propelling people into action This is true not only at the level of individuals as they envision and carry out everyday activities and long term plans but also for institutional practices framed by and unfolding within various socio political ecologies and transfigurations Hope and uncertainty are critical affective and knowledge related modalities of such imaginations and assume vital meanings in policing managing and experiencing health illness and well being This volume brings together contributions from medical anthropologists who address this theme across various medical spheres including the pragmatics of hope and uncertainty the techno sphere health management and individual and socially distributed emotions      **Chinese Medicine in East Africa** Elisabeth Hsu, 2022-07-08 Based on fieldwork conducted

between 2001 2008 in urban East Africa this book explores who the patients practitioners and paraprofessionals doing Chinese medicine were in this early period of renewed China Africa relations Rather than taking recourse to the placebo effect the author explains through the spatialities and materialities of the medical procedures provided why apart from purchasing the Chinese antimalarial called Artemisinin locals would try out their alternatively modern formulas for treating a wide range of post colonial disorders and seek their sexual enhancement medicines      **World Politics in Translation**

Tobias Berger, Alejandro Esguerra, 2017-09-14 Virtually all pertinent issues that the world faces today such as nuclear proliferation climate change the spread of infectious disease and economic globalization imply objects that move However surprisingly little is known about how the actual objects of world politics are constituted how they move and how they change while moving This book addresses these questions through the concept of translation the simultaneous processes of object constitution transportation and transformation Translations occur when specific forms of knowledge about the environment international human rights norms or water policies consolidate travel and change World Politics in Translation conceptualizes translation for International Relations by drawing on theoretical insights from Literary Studies Postcolonial Scholarship and Science and Technology Studies The individual chapters explore how the concept of translation opens new perspectives on development cooperation the diffusion of norms and organizational templates the performance in and of international organizations or the politics of international security governance This book constitutes an excellent resource for students and scholars in the fields of Politics International Relations Social Anthropology Development Studies and Sociology Combining empirically grounded case studies with methodological reflection and theoretical innovation the book provides a powerful and productive introduction to world politics in translation      **Documents on Medical Anthropology**
