SEIZED BY GRACE Larissa Kay Ellis, 2024-01-09 This book defies categorization Although written from Catholic perspective these stories of God showing up are eminently readable by anyone of any faith including those on the fence about God Her life story is her God story but to call it purely a memoir or an autobiography would be inaccurate It is too remarkable In the end the book is about God and His presence in a life and what can happen when a soul cooperates The stories are engaging often intensely personal drawing souls into the moment and opening windows for God's light to shine in illuminating a personal story within the reader perhaps long forgotten and instigating a new conversation with God

Medjugorje, the Secrets Revealed. Gino Pitaro, 2021-10-07 For several years I had been planning to write a book about Medjugorje and the Secrets of Medjugorje but I hesitated to do so Usually when you have a strong urge to write you indulge especially those who like me until now usually write fiction books like me but I postponed I wanted to address this topic and at the same time I was running away from it One day Padre Pio appeared to me in a dream and told me So Guagli Do we want to write this book or not And I answered him It's OK Father

but then to whom do I propose it His gaze became sharp acute as if he wanted to read inside me inside my inner feelings What you want to make known you can make known you choose the way Now far from wanting to see in this a divine imperative the anointing of the Lord I simply took this dream as a good omen as an incentive to want to convey what I know what I have accumulated in my core on this subject including the doubts and reservations of friends but also and above all to share the treasures that are available to all and give an answer to certain doubts and concerns I have always known that these remain dead letters and since the answer was often and is still close to our hands but it was not written anywhere I felt almost obliged to write this essay However I do not want to make any demands but that the reader creates his own conscience assimilates what I write and then elaborates freely I chose to publish it in this way on certain platforms because I believe that even the most sincere and profound books on the subject of Marian Apparitions La Salette Lourdes Fatima Medjugorje and much more are affected by convenience and opportunity I needed to write about these topics in absolute freedom without being bound to any scheme to any file where you check alternative boxes to the others Not that I had to propose some bizarre things but if it is true that the truth makes free that the truth manifests its radiant beauty perhaps in a gradual way it is also true that to do so it is necessary to have freedom the possibility and in case also the courage to reveal it The truth brings with it inconveniences even if its fruits are luxuriant which is why Sister Lucy revealing the Secrets of Fatima always had an attitude suspended between obedience silence and irrepressible impulse Prophecy truth and knowledge burn within the mystical soul and demand that they be revealed in all their magnificence Our Lady has a clear plan for the life of the living for our planet it is necessary that more people really know what future awaits us what challenges lie ahead in the immediate horizon We are living particular but also exciting times and this is therefore a circumstance a fortune and a misfortune in some ways We are and will be pioneers of a new world In the essay which is also a guide to the new times my wish is that everyone can find ideas reflections but above all even a clear and concrete information that can be a path to follow with both your heart and your mind In fact then I had many things to say to express to reveal At a certain point all this made a critical mass and I found it burning inside me like a torch or in other words I had to empty that sack that I was carrying on me because humanity must know or rather a part of the people to whom this book can say a lot or a little must know our times and those that are at the gates as they really will be to the extent that we are allowed Christian culture does not have a cryptic connotation but demands that everything has to be in the public domain therefore emerging from the shadows Of course sometimes with reasons of opportunity that mark the timing but there is nothing that is or that exists that should not be revealed Is with this anxiety of the heart as those of who wants to communicate a new discovery to the world that I invite you to read this book
