If you are like many others who want to stay updated with the latest technologies and want to adapt the same as soon as it is possible for you, then Windows 8 is for you. However, it is important to know that this version differs a lot from the earlier versions developed by Microsoft. This makes it necessary to learn all the new features of Windows 8 before using it in your tablet. Throughout the book, you will find each new feature of Windows 8 along with many other important details you should know about Windows 8 before actually using it.
