Michelangelo's frescoes on the Sistine Chapel Ceiling Sandra Kuberski, 2014-12-15 Essay from the year 2012 in the subject Art History of Art grade 17 University of Essex Art History course The High Renaissance in Italy language English abstract In 1508 Michelangelo began with his working on the ceiling of the Sistine Chapel he completed it four years later His frescoes show stories of the Old Testament about creation and fall of humankind and give an anticipation of salvation through Christ Michelangelo at first did not want to paint the ceiling because he saw himself as sculptor and thought of the commission as trap of his rivals Moreover it was unusual for ceiling frescoes to show narration they were in general regarded as minor compared to walls Michelangelo undeniably taught art history better his artwork became a masterpiece of High Renaissance This essay is going to examine Michelangelo's concerns in decorating the ceiling especially in regard to the representation of narration and how successful his attempts were **Michelangelo Paintings** Source Wikipedia, 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online Pages 38 Chapters Sistine Chapel ceiling Restoration of the Sistine Chapel frescoes Doni Tondo Separation of Light from Darkness Gallery of Sistine Chapel ceiling The Creation of Adam The Last Judgment The Torment of Saint Anthony Manchester Madonna Battle of Cascina The Entombment The Crucifixion of St Peter Prophet Isaiah Prophet Daniel Prophet Jeremiah Prophet Jonah The Conversion of Saul Excerpt The Sistine Chapel ceiling painted by Michelangelo between 1508 and 1512 at the commission of Pope Julius II is one of the most renowned artworks of the High Renaissance The ceiling is that of the large Papal Chapel built within the Vatican between 1477 and 1480 by Pope Sixtus IV after whom it is named the Sistine Chapel The chapel is the location for Papal Conclaves and many important services The ceiling's various painted elements form part of a larger scheme of decoration within the Chapel which includes the large fresco The Last Judgment on the sanctuary wall also by Michelangelo wall paintings by a team of the most highly regarded painters of the late 15th century including Botticelli Ghirlandaio and Perugino and a set of large tapestries by Raphael the whole illustrating much of the doctrine of the Catholic Church Central to the ceiling decoration are nine scenes from the Book of Genesis of which the Creation of Adam is the best known having an iconic standing equalled only by Leonardo da Vinci's Mona Lisa the hands of God and Adam being reproduced in countless imitations Pope Julius II by Raphael Pope Julius II was a warrior pope who in his papacy undertook an aggressive campaign for political control to unite and empower Italy under the leadership of the Church He invested in symbolism to display his temporal power such as his procession in the Classical manner through a triumphal arch in *Michelangelo* Weis Books, 2020-12-04 Michelangelo's Sistine Chapel ceiling is one of the most influential artworks of all time The Chapel is a foundational work of Renaissance Art Painted directly on the ceiling of the Sistine Chapel in the Vatican period This masterpiece depicts key scenes from the Book of Genesis The complex narratives and skillfully painted human figures stunned viewers when the painting was first unveiled to the public in 1512 The complex undertaking

continues to impress the thousands of pilgrims and tourists from around the world who visit the chapel every day In 1508 Pope Julius II also known as Giulio II and Il papa terribile asked Michelangelo to paint the Sistine Chapel s ceiling Julius was determined that Rome should be rebuilt to its former glory and had embarked on a vigorous campaign to achieve the ambitious task This pope felt that such artistic splendor would not only add luster to his own name but also serve to supersede anything that Pope Alexander VI a Borgia and Julius rival had accomplished The ceiling measures about 131 feet 40 meters long by 43 ft 13 m wide Although these numbers are rounded they demonstrate the enormous scale of this nontraditional canvas In fact Michelangelo painted well over 5 000 square feet of frescoes It took Michelangelo a little over four years from July of 1508 to October of 1512 to finish the paintings Michelangelo had never painted frescoes before and was learning the craft as he worked What s more he chose to work in buon fresco the most difficult method and one normally reserved for true masters The entire process required both the creation and learning of many hard techniques in perspective namely painting figures on curved surfaces that appear correct when viewed from nearly 60 feet below Michelangelo gets and deserves credit for the entire project The complete design was his The sketches and cartoons for the frescoes were all of his hand and he executed the vast bulk of the actual painting by himself The Master needed many assistants if only to mix his paints scramble up and down ladders and prepare the day s plaster more than a simple trip to a big box retailer Occasionally a talented assistant might be entrusted with a patch of sky a bit of landscape or a figure so small and minor it is barely discernable from below New Normal Compendium1 Michelangelo2 Frank Cadogan Cowper3 John French Sloan4 Franz Stuck5 Francisco Goya6 Francesco Hayez7 John Byam8 Thomas Eakin9 Victor Horta10 Leom Bonnat11 Rubens12 Jacob Maris13 Paul Chabas14 William Orpen15 A.
