

The background of the cover features a detailed illustration of various microscopic organisms. In the foreground, there are several large, oval-shaped cells with a yellowish-orange internal structure, possibly representing eukaryotic cells or large bacteria. A prominent, branching, filamentous structure, likely a fungus or a large bacterium, runs diagonally across the center. Other smaller, spherical cells are scattered in the background, some appearing to be in different stages of division or having different internal structures. The overall color palette is dominated by yellows, oranges, and reds against a dark background.
