Havana Paul S. George, 2007-02-28 For the past 50 years Cuban refugees and Central American immigrants have moved to an old quarter of Miami known as Little Havana This internationally known community is famous for its sizzle its heated ethnic politics its entrepreneurial zest and its colorful street life and celebrations Before it became Little Havana the area was home to a vast array of people including white and black Bahamians Jews people from parts of the Middle East and folks with Deep South pedigrees The quarter s most famous neighborhoods then were Riverside and Shenandoah Riverside emerged from the piney woods at the start of the 19th century and hosted some of the earliest city institutions as well as picturesque homes and tree shaded streets Shenandoah was farmland as late as the 1920s before a real estate boom transformed it into a neighborhood of gorgeous Mediterranean Revival style homes Southwest Eighth Street the famed Calle Ocho once divided the two neighborhoods but the vast influx of Hispanics erased that division as the thoroughfare developed its own identity *A History of Little Havana* Guillermo J. Place-making and Transculturation in Little Havana, Miami Taylor Elise Fox, 2020 Beginning in the 1960s Miami has transformed into a Latin city One in which it is possible to buy groceries get a job and even go to school without necessarily having to utilize the English language As time has progressed Miami itself has come to be known as a Latin place but when this transformation began Spanish speakers primarily Cubans clustered together in what is now known as Little Havana At the time the place between 37th street and highway 95 was full of low income multi family homes creating a perfect space for the incoming Cuban refugees to make their home Due to their initial place making of the community Little Havana is now a thriving place known around the world as a Cuban cultural center However the mass exodus of Cubans entering Little Havana has slowed and more and more Latin people have settled into the area changing the demographics and inevitably the culture of the place Today one can walk down the infamous Calle Ocho 8th Street and enjoy Cuban culture with a side of Mexican Peruvian Puerto Rican and other additions I argue that this change in demographic representation is leading to a change in the community that now does not solely identify as Cuban but as the more inclusive term Latin and attempt to discover how this change is affecting the overall cultural landscape of Little Havana
