**an Age of Uncertainty** Franklin Obeng-Odoom,2020-11-03 In the last two hundred years the earth has increasingly become the private property of a few classes races transnational corporations and nations Repeated claims about the tragedy of the commons and the crisis of capitalism have done little to explain this concentration of land encourage solution building to solve resource depletion or address our current socio ecological crisis The Commons in an Age of Uncertainty presents a new explanation vision and action plan based on the idea of commoning the land The book argues that by commoning the land rather than privatising it we can develop the foundation for prosperity without destructive growth and address both local and global challenges Making the land the most fundamental priority of all commons does not only give hope it also opens the doors to a new world in which economy environment and society are decolonised and liberated **Distance Learning** Michael Simonson,2020-11-01 Distance Learning is for leaders practitioners and decision makers in the fields of distance

learning e learning telecommunications and related areas It is a professional journal with applicable information for those involved with providing instruction to all kinds of learners of all ages using telecommunications technologies of all types Stories are written by practitioners for practitioners with the intent of providing usable information and ideas Articles are accepted from authors new and experienced with interesting and important information about the effective practice of distance teaching and learning Distance Learning is published quarterly Each issue includes eight to ten articles and three to four columns including the highly regarded And Finally column covering recent important issues in the field and written by Distance Learning editor Michael Simonson Articles are written by practitioners from various countries and locations nationally and internationally

**Labor Economics in an Islamic Framework** Toseef Azid,Umar Burki,Muhammad Junaid Khawaja,Nasim Shah Shirazi,Muhammad Tahir,2021-12-30 The labor market in Islam is governed by the Islamic laws of fairness justice and reward that is equivalent to the job done Most of the literature in the field discusses the normative aspect of the labor market whereas few attempts can be seen to address more positive aspects There is a need for new theoretical and empirical models for the Islamic labor market which should differ from established approaches This book provides a comprehensive overview of the nature scope and dimensions of the labor market in an Islamic context from both theoretical and practical perspectives It presents and discusses labor economics and then compares the similarities and differences between conventional and Islamic views of the labor market explaining where they meet and critically justifying why they differ under the umbrella of Shari ah The book raises pertinent issues which it analyzes from both standpoints and widens the discourse to include norms morality and related institutions such as social security and welfare A unique feature of the book is that it examines labor economics practices among a specific group of countries and studies the labor conditions within these countries where the majority of the population follow the teachings of Islam in their daily lives The book proposes practical strategies for the development of new models for the Islamic labor market which are compatible with the modern world The book will enable academics and practitioners of Islamic economics to make economic sense of Shari ah compliance and human resource development
