Parliament. Lok Sabha,2009-07-21 **India 2039** Harinder S Kohli,Anil Sood,2010-02-04 This book paints a bold and inspiring scenario of India becoming an affluent society by 2039 that is within a generation from now It makes a persuasive case as to why such a

scenario could be plausible Even more importantly the book very appropriately and frankly assess the many hurdles political social policy and institutional that the country must overcome to realize this vision and lift millions of Indians from relative poverty today to enjoy the fruits of a modern and inclusive affluent society within 30 years or so Its agenda of inter generational issues is central to India avoiding the middle income trap that so many other countries have fallen into However India can successfully tackle this trap only by addressing and addressing urgently and head on the various facets of governance highlighted in the book Features unique to this study unlike other vertical studies that treat a topic in depth but on its own this book tries to connect the dots between the key issues that could decide the future of Indian society it has a longer 30 year perspective with a corresponding emphasis on challenges that require long gestation to address it offers a projection not of what will be but of what India s potential is      *Culture and Business in Asia* Maureen Guirdham,2009-04
