

<p>1</p> <p>Observation: Lily's Flowers, April</p> <p>Lily and Sue sat together with Sue watching Lily as she tried to copy the postcard of flowers. Annabelle walked past and was interested, so stopped to watch Lily.</p>	<p>Interpretation and analysis</p> <p>Lily was keen to mix and stir the paints herself. She was happy with her painting and smiled while painting.</p>	<p>Comment</p> <p>The interpretation is framed as a description, not an analysis.</p> <p>How do we know that Lily is happy?</p> <p>What led to this interpretation — is it related to body language? if so, say so.</p>
<p>2</p> <p>Observation: Lily's Flowers, 21 April</p> <p>Sue, Lily and Annabelle sit and talk together while Lily paints her picture of flowers from the postcard.</p> <p>Lily talks with Annabelle and Sue about the colours she is using.</p>	<p>Interpretation and analysis</p> <p>Lily seems very interested in painting using the postcard flowers as a reference point.</p> <p>She smiles and talks with Sue and Annabelle and is keen to mix the paints with Annabelle watching.</p>	<p>Comment</p> <p>The interpretation lacks specificity about Lily's learning. It attempts to introduce some information about dispositions and relationships between the group members but without analysis.</p> <p>The interpretation appears as a description, not an analysis.</p>
<p>3</p> <p>Observation: Lily's Flowers, 21 April</p> <p>Lily, Sue and Annabelle — Indoor play</p> <p>Lily has been experimenting with paint combinations over several days. In discussion with Sue (assistant) we decided to introduce small pots of paints and a mixing palette (off screen) so that Lily could create her own colour combinations.</p> <p>Sue introduced a postcard of flowers, as Lily has been talking about the flowers in her own garden at home.</p> <p>As Lily painted she looked at the postcard very carefully, using the colours in the postcard on her paper. As she painted, she said to Annabelle, "I'm using gold first 'cause that's my favourite, then the green". Annabelle then passed the red paint and laughed "red's last!" Lily laughed and took the pot, stirring vigorously.</p>	<p>Interpretation and analysis</p> <p>Working at the table gave Lily more stability to mix the paints and appeared to invite more possibilities for conversation with others than at the easels.</p> <p>Lily's attention to detail (through action and conversation), seems to signal her interest in the experience.</p> <p>Lily was particularly interested in this experience, and represented the colours of the postcard flowers in the same relative location on her paper. She is attempting to represent the flowers through close observation and attention to placement of colours.</p> <p>Link to QKLG: Active learning — ways to represent ideas creatively through art, showing confidence and involvement in learning.</p>	<p>Comment</p> <p>The analysis moves from the previously general descriptions to interpretation and analysis.</p> <p>It ends with a link to specific aspects of learning and development identified in the Queensland kindergarten learning guideline.</p>
