your copy NOW *10 LED Projects for Geeks* John Baichtal, 2018-07-03 *10 LED Projects for Geeks* is a collection of interactive and customizable projects that all have the humble LED in common but don't write them off as basic. You'll learn how to make challenging and imaginative gadgets like a magic wand that controls lights using hand gestures, a pen-sized controller for music synthesizers, a light strip that dances to the beat of music, and even an LED sash that flashes scrolling text you send from your phone. Every project includes photos, step-by-step directions, colorful circuit diagrams, and the complete code to bring the project to life. As you work your way through the book, you'll pick up adaptable skills that will take your making abilities to the next level. You'll learn how to design versatile circuits for your own needs, build and print a custom printed circuit board, create flexible circuits which you can use to make any wearable you dream up, turn analog signal into digital data your microcontroller can read, use gesture recognition and wireless interaction for your own Internet of Things projects, experiment with copper tape and create circuits with paper and foil, build smart gadgets that make decisions with sensors. If you want to experiment with LEDs and circuits, learn some new skills and make cool things along the way. *10 LED Projects for Geeks* is your first step.

Photographer's Guide to the Sony DSC-RX100 VII Alexander White, 2019-09-29 This book is a complete manual for users of the Sony Cyber-shot DSC RX100 VII camera, one of the most advanced but still pocketable cameras available. With this book, author Alexander White provides users of the RX100 VII with a guide to all aspects of the camera's operation, including its many advanced settings for autofocus and exposure control. Using a tutorial-like approach, the book shows beginning and intermediate photographers how to take still images and record video with the RX100 VII and explains when and why to use the camera's many features. The book provides details about the camera's automatic and advanced shooting modes, including continuous shooting at rates as fast as 20 frames per second with short bursts as fast as 90 frames per second, as well as its numerous menu options for shooting playback and setup. The book includes information about using Wi-Fi and Bluetooth connections for image transfer, remote control, and adding location information to images. The book has more than 500 color photographs or illustrations that help explain the camera's menus, shooting screens, and features. These images include examples of photographs taken using the RX100 VII's Scene mode with settings optimized for subjects such as landscapes, sunsets, portraits, low light, and action shots, and the Creative Style and Picture Effect menu options with settings that alter the appearance of images. The book also provides introductions to topics such as street photography, astrophotography, and digiscoping, with photographic examples. The book includes a full discussion of the video features of the RX100 VII, which can shoot HD and 4K ultra HD movies and which offers manual control of exposure and focus during movie recording. The book explains the camera's numerous features that are useful for professional-level videography, including Picture Profiles that allow adjustment of settings such as gamma curve, black level, knee, and detail. The book provides detailed information about recording 4K video to an external video recorder using the clean video output from the camera's HDMI port. In three appendices, the book discusses accessories for the RX100 VII.

including cases power sources grips remote controls and filter adapters and includes a list of websites and other resources for further information The book includes an appendix with quick tips on how to take advantage of the camera s features in the most efficient ways possible This guide to the RX100 VII includes a detailed index so the reader can quickly find needed information about any particular feature or aspect of the camera **Apple Pro Training Series** Kevin M.
