Manual Lymph Drainage Günther Wittlinger, Hildegard Wittlinger, 2004 Manual Lymph Drainage MLD first introduced in
 1936 by Drs Emil and Estrid Vodder of Denmark is a procedure which stimulates the lymphatic circulation with slow circular
 and careful pumping massage movements of the hand and the thumb The thin lymph vessels run through the body tissue like
 a drainage system which transports the lymphatic fluid via large collecting vessels the lymph nodes on to the blood
 circulation Manual Lymph Drainage has especially proven its worth in the case of a congestion of the lymphatic flow This is
 often the result of postoperative abdominal surgery and surgical treatment of breast carcinoma It is only with this smooth
 and harmonic form of massage that the lymphatic flow is stimulated in the sensitive lymph capillaries Painful swelling is
 removed and healing is encouraged This volume contains all the subject matter of the basic course and has proven its worth
 for many years Hildegard Wittlinger is the director of the Dr Vodder School in Walchsee Austria and has taught the MLD
 technique throughout the world since 1972 Textbook of Dr. Vodder's Manual Lymph Drainage Ingrid Kurz, 1997-08-18 A
 special knowledge of lymphology and blood capillary physiology is necessary in order to explain the action of Manual Lymph
 Drainage While volume 1 deals primarily with the practice of MLD here we find the theoretical basis scientifically and
 thoroughly explained by a medical doctor and experienced practitioner of MLD Without such an explanation this new method
 cannot be accepted The translator Robert H Harris is the director of the Dr Vodder School North America in Victoria B C and
 specializes in MLD This is the textbook for the Therapy I courses of the Dr Vodder School **Dr. Vodder's Manual Lymph**

Consultations & Appointments Form Organiser for Manual Lymph Drainage Massage Therapists Galina St George,2019-06-02 My name is Galina St George I am a Natural Health and Beauty Practitioner Massage Therapist Hypnotherapist Stress Management and Health Coach I have been studying natural health since 1999 and have completed many courses all of which required substantial learning including doing case studies as part of the courses While doing my case studies I noticed that all of us had to create our own consultation forms Having finished working with the client it was very easy to misplace and lose the forms since they were just printed pieces of paper Now imagine being a practising therapist Every consultation form contains the information which a therapist should keep just in case there are issues with the client which may involve an insurance company The other point is that with the tightening of GDPR rules recently it is now more important than ever to keep all the records safe Imagine your consultation forms with sensitive and very private information lying all over the place and being found by other people I do understand that these days many therapists use computers to fill in the consultation forms and keep their clients records However computers can get hacked This is why I believe that nothing can replace an old fashioned method of filling out physical consultation forms So to help my fellow therapists and students who are learning to become ones I have decided to create this book of consultation forms and appointment sheets for Manual Lymph Drainage Massage Therapists You can use it for booking and treating new and existing clients You can also use these forms for your case studies If you already offer or plan to study other therapies do check out my author page to see what else I have to offer
