Nursing Theorists and Their Work - E-Book Martha Raile Alligood, Sonya R. Hardin, 2025-06-10 Understand the thinking of 39 leading nursing theorists in one comprehensive text Nursing Theorists and Their Work Eleventh Edition provides a clear in depth look at nursing theories of historical and international significance Each chapter presents a key nursing theory or philosophy showing how systematic theoretical evidence enhances decision making professionalism and quality of care Lead author Martha Raile Alligood is known nationally and internationally for her expertise in nursing theory A classic in the field of nursing theory this text uses objective critiques case studies and critical thinking activities to bridge the gap between nursing theory and application in the practice of nursing NEW Information on the state of nursing in health care after COVID 19 illustrates how nursing knowledge development continues to evolve with new theories that address current health care needs for quality nursing care Theorist chapters written by scholars specializing in that theorist s work often having worked closely with the theorists provide the most accurate and complete information possible Case studies at the end of each theorist chapter present the theory in a larger perspective demonstrating how it can be applied in practice Critical thinking activities at the end of each theorist chapter help you to process the theory presented and apply it to personal and hypothetical nursing practice situations Theory specific diagrams help you visualize and better understand inherently abstract concepts and their relationships Major Concepts and Definitions boxes outline a theory s most significant ideas and clarifies vocabulary Brief summary sections offer valuable review for tests and validate comprehension Points for Further Study sections direct you to sources of additional information A diagram in each unit illustrates the level of abstraction of the theoretical knowledge presented New information on international theorists will be included New information the topic of clinical reasoning and judgment and how it relates to the various theories presented will be included The new AACN Essentials will be addressed and included where appropriate throughout the text *Health and Educational Success* Tebogo Maria Mothiba, Takalani Mutshatshi, Irene Ramavhoya, 2023-12-06 This book discusses health and educational success from a variety of perspectives It discusses the management of various health conditions such as diabetic mellitus epilepsy mental health hepatitis and HIV AIDS It covers a broad range of topics including strategies that can be used in a healthcare setting in communication as well as transmission of knowledge from one generation to another The focus of the chapters is on patients and their families physiotherapy occupational therapy biokinetics nursing medical students and their facilitators educators and institutions of higher education As such this book is relevant to a variety of sectors in health and education

**Suid-Afrikaanse Hofverslae** ,2015 **The Sage Handbook of Nursing Education** Carol Hall, Mary Gobbi, Kathryn Parker (Whitcomb), Patricia Yoder-Wise, 2024-05-01 In the past several years a revival of research devoted to nursing education has emerged This emergence has changed the way many educators engage in their practice of working with learners and learners have come to expect that they will have a rich learning experience designed to develop new or enhance

prior knowledge skills and attitudes The SAGE Handbook of Nursing Education provides a detailed map of the current discipline with a carefully selected team of international contributors offering the latest thinking about education in nursing across key areas This handbook will be a key resource for academic educators as well as graduate and postgraduate learners

**Utilisation of South African Research on Higher Education** Jan Botha ,Gabriele Vilyte,2021-10-26 The relationship between research on the one hand and policy practice on the other hand is complicated and collaboration between scholars in research on higher education RHE and institutional research IR practitioners is often lacking This book marks a collaborative effort of a diverse range of South African RHE and IR scholars and asks the overarching questions What do we know about the utilisation of South African research on higher education SARHE and its subset of research known as Institutional Research How and by whom is this research used The book begins by looking at the historical underpinnings of SARHE and delineating the shape and size of this body of research This is followed by a series of case studies on South African Higher Education institutions and governmental bodies investigating how when and by whom are research on higher education and institutional research used in the decision making of these organisations This book is the first of its kind in South Africa and sets out to lay the groundwork for further research into the use uptake and utilisation of RHE and IR in this country

*Comorbidity of Mental and Physical Disorders* N., Sartorius,R.I.G., Holt,M., Maj,2014-11-26 This publication presents evidence about the magnitude and severe consequences of comorbidity of mental and physical illnesses from a personal and societal perspective Leading experts address the huge burden of co morbidity to the affected individual as well as the public health aspects the costs to society and interaction with factors stemming from the context of socioeconomic developments The authors discuss the clinical challenge of managing cardiovascular illnesses cancer infectious diseases and other physical illness when they occur with a range of mental and behavioral disorders including substance abuse eating disorders and anxiety Also covered are the organization of health services the training of different categories of health personnel and the multidisciplinary engagement necessary to prevent and manage comorbidity effectively The book is essential reading for general practitioners internists public health specialists psychiatrists cardiologists oncologists medical educationalists and other health care professionals

Nkeh-Chungag,Han C. G. Kemper,2023-07-31 **Working with indigenous knowledge** Fhumulani M. Mulaudzi,Rachel T. Lebesse,2022 The aim of the book is to assist both local and international scholars in articulating the scholarly discourse on indigenous health attitudes practices and experiences The indigenous lens that was used to generate and disseminate indigenous knowledge in this book will strengthen indigenous scholarship thus making it accessible to a wider audience In addition the information shared in this book will add value for scholars and assist them with the indigenous knowledge needed to address sustainable development goals This book is timeous and topical as the discourse on the decolonisation of

the curriculum is widely debated in the higher education space The discourse on the scholarship of indigenous knowledge as the tacit local knowledge that stems from cultural practices within communities has not been well articulated in the current health science education milieu Indigenous knowledge has remained overlooked and undermined for a very long time and the information remains untapped in local communities The scholars who conducted the research on which this book is based unearthed a wealth of knowledge which was tacit in nature and translated it into implicit knowledge that can be documented and shared with other scholars globally This knowledge will assist health care scholars in benefiting from knowledge practices and cultural beliefs that will assist them in health care planning teaching evidence based practice and further research
