the sound of it Unfortunately just because a language is beautiful doesn't mean that it's easy to learn Although French has many things in common with English French has had many many centuries to evolve into the language it is today which means it's had all that time to become more complex That's where French For Dummies can help Written in partnership with the language experts at Berlitz this book can give you what you need for basic communication in French French For Dummies covers the following topics and more Basic pronunciation and gestures The nuts and bolts of French grammar Meeting and greeting in French Situations in which you can use French Making small talk dining out shopping and talking on the phone Traveling to France Dealing with French currency staying at a hotel and getting around town Top Ten lists on ways to pick up French quickly things you should never say in French favorite French expressions and important French holidays to remember Appendixes with verb conjugation tables as well as a French mini dictionary French For Dummies also comes with a CD that has audio transcriptions of all the exercises in the book so that you can actually hear the French pronunciations So whether you're taking a business trip and need to pick up a little French quickly you're cramming for your high school French final or you've always wanted to learn a new language but don't have the time to drag yourself to a class once a week French For Dummies can get you well on your way to becoming fluent in no time
