

Life Without a Father - Narrative Essay Essay

Introduction

During my lower school levels, we lived in a small house with my siblings. Food was never a mandatory and usually sees my father waking up so early, beat the dry and coarse morning wind to find us something to eat. My mother was occasionally involved in light morning duties such as preparing us breakfast, however little it was before we could leave for school. The situation was messy, but we were destined for the best. One day while my father was on his regular duties in the streets, he was involved in a horrible road accident. Both his hands were broken with several bruises on his head. He lost a lot of blood until we thought he would not survive. According to McLanahan Sara, and Dona, life without a father, can be very hectic and unbearable (McLanahan et al. 12). Alas, after taken to the hospital where he stayed for approximately five months massive improvements were evident although back at home we were sailing in high poverty. Our few stored food had depleted; we could not go to school as usually as my mother could not afford the tuition fees as well as other basic needs. It forced us to go to school in turns with my little going on week one while I go on the second one. The alternation worked, but our performance massively deteriorated.

A few months later my father was discharged from the hospital. It was good news against wrong, he looked fit, but he was reduced to nothingness (Popenoe 34). He could not proceed with his normal responsibilities. As a result, my mother was subjected to all family duties and provision. Our education became a past tense, and we were left wallowing for help from any Good Samaritan. Luckily, when the government released its annual budget our area was much considered, and we became the first group to receive the donations. I was later admitted back to school and preceded with my education.

On my final year while preparing to sit for the last paper my father past on. This became the most significant test in my life as well as my entire family. Nothing seemed right, and it seemed as if our future was doomed. The funeral arrangements were conducted through the help of the area politicians who made sure that he was given a decent send-off. During, burial ceremony many accomplished promises were made. My relatives promised to take us to school. The area administrators and leaders thumbing their chest hard with empty promises of ensuring that justice prevails and the person who knocked my father in the city is brought books. Remember it was more than two years after the accidents. We waited, but all were in vain, nothing fruitful came our way. My mother was left with the whole responsibility of ensuring that our future remains valid. However, on several occasion the going was rough, and we were forced to go without evening meals.

Three months later, I decided to drop off school and help my mother in farming which now the only solution for our livelihood. We maximized in agriculture, started with indigenous crops and gradually ascended to certified ones. During this time, my sister has also left school to help in preparing meals while being busy in farming. So hard work she was the all our meals were ready at their recommended time regardless of their quality and quantity. It was nothing but unity. Hard pays the saying goes; we remained determined and opportunistic. Waking up early and going to bed late. Several months later our produce was ready, and we could smile to the farm and back home with enough food to feed on. After harvest, the excess we sold while we gave to our neighbors as a way of
