Biomedical Index to PHS-supported Research: Project number listing, investigator listing, 1989 **Build It, Make It, Do It, Play It!** Catharine Bomhold, Terri Elder, 2014-06-30 A valuable one stop guide to collection development and finding

ideal subject specific activities and projects for children and teens For busy librarians and educators finding instructions for projects activities sports and games that children and teens will find interesting is a constant challenge This guide is a time saving one stop resource for locating this type of information one that also serves as a valuable collection development tool that identifies the best among thousands of choices and can be used for program planning reference and readers advisory and curriculum support Build It Make It Do It Play It identifies hundreds of books that provide step by step instructions for creating arts and crafts building objects finding ways to help the disadvantaged or engaging in other activities ranging from gardening to playing games and sports Organized by broad subject areas arts and crafts recreation and sports including indoor activities and games and so forth the entries are further logically organized by specific subject ensuring quick and easy use

Prize-Winning Science Fair Projects for Curious Kids Joe Rhatigan,Rain Newcomb,2006 New in Paper It s coming sooner than you think the time to prepare for the next science fair For projects for presentation for blue ribbon winning ideas there s no better place to come than here From thinking of a unique science fair experiment to putting fabulous finishing touches on the display this cool collection of smart and illustrated projects gives budding scientists everything they need to put together a winner and have fun doing it too Kids have seen all the tricks and they re tired of science fair books that show them yawn how to make the been there done that volcano or another boring model of the solar system Here are experiments they really want to do on subjects such as slime magic sand video games mummies dog germs horoscopes bicycles and more The whole science fair experience is broken down into small manageable steps so youngsters won t feel overwhelmed All safety precautions are taken with notes on parental supervision when necessary

*Write These Laws on Your Children* Robert Kunzman,2009 Homeschooling is a large and growing phenomenon in American society between 1999 and 2003 it grew at ten times the rate of public school enrollments Current estimates suggest that about two million kids are homeschooled but information about them is incomplete Here educator Robert Kunzman uses his unprecedented access to six conservative Christian homeschooling families to explore this elusive world from the day to day lives of its adherents to its broader aspirations to transform American culture and politics He shows us what their homeschooling experience looks like firsthand what their political and religious beliefs are and what their kids learn about democratic citizenship and engaging with people with different beliefs Woven throughout Kunzman s narrative are larger questions about the purpose of public education what makes an educated citizenry and how American political and intellectual life could change as conservative Christian homeschooled children reach adulthood From publisher description
