King Alfred's Jewel David Hamilton,2014-10-28 David Hamilton brings together two poems and a dramatic monologue in King Alfred s Jewel Poetry of the Imagination and Imaginative Photography This contemporary original poetry is inspired by the stories behind outlaw legends and also takes the reader on a number of spiritual journies Hamilton s first poem The Journey remains almost as it was first written In striving to keep his writing spontaneous he chose not to over develop the form of his writing King Alfred s Jewel is the title poem and draws its inspiration from The Dark Night of the Soul by Roman Catholic mystic Saint John of the Cross Using a journey to find the king s jewel as a guiding theme the poem is a metaphor for the depression many people feel today and mistakenly try to substitute with unhealthy pasttimes The dramatic monologue Wolfshead which comes at the end of the book is an imaginative tale of outlaw legends A wolfshead was a resort of outlaws who formed a community and this particular story is set in Sherwood Forest with Robin Hood presiding Using two chorus figures to link proceedings and set the scene this wolfshead is a ghostly gathering who return to tell their legendary stories This unique book will make an excellent addition to the collection of any poetry and photography fans It is also a fascinating read for anyone studying literature or theatre **King alfred's jewel, by k.s. trask** K. s Trask,1908 **King Alfred's Jewel. Memorials of King Alfred John Allen Giles,1863 **Light of the Everlasting Life** Leah Pope Parker,2025-08-26 From disability metaphors to narratives structured around bodies presented as aberrant early medieval English thoughtworlds conveyed the promise of resurrection and the hope of salvation through cripple and disabled bodies *Light of the Everlasting Life* argues that early medieval Christian eschatology as manifested in Old English literary texts was a cripple eschatology a theology of the afterlife that relied upon disabled bodies and concepts related to disability in order to convey promises of resurrection and salvation In addition to demonstrating how literature manifested theological approaches to the afterlife Leah Pope Parker articulates the ways of thinking about bodies and disability that were available to ordinary early medieval people many of whom experienced their bodies in ways that resonate with what we call disability today but who rarely appear in the historical record By analyzing Old English texts including Alfredian translations of saints' lives and poetry from the Exeter and Vercelli Books Parker introduces novel ways of characterizing disability's effects in literature *Spiritual prosthesis* reveals rhetorical narrative and theological reliance upon disability to convey the promise of a Christian afterlife Systems of aberrance emerge as a result in which bodies marked as deviant including disabled monstrous heroic saintly and dead bodies form a network of embodiments that reinforce the narratives they inhabit and that of Christian salvation history Locating cripple eschatology in early medieval literature *Light of the Everlasting Life* rewrites standard histories of disability of the body and of medieval Christian eschatology

The Political Thought of King Alfred the Great David Pratt,2007-05-31 This book is a comprehensive study of political thought at the court of King Alfred the Great 871-99 It explains the extraordinary burst of royal learned activity focused on inventive translations from Latin into Old English attributed to Alfred's own authorship A full exploration of context establishes these texts as part of a single discourse which placed Alfred himself at the heart of all rightful power and authority A major theme is the relevance of Frankish and other European experiences as sources of expertise and shared concerns and for important contrasts with Alfredian thought and behaviour Part I assesses Alfred's rule against West Saxon structures showing the centrality of the royal household in the operation of power Part II offers an intimate analysis of the royal texts developing far reaching implications for Alfredian kingship communication and court culture Comparative in approach the book places Alfred's reign at the forefront of wider European trends in aristocratic life

King Alfred the Great, his Hagiographers and his Cult Tomás Mario Kalmar,2025-10-01 This book situates Alfred the Great in his hagiographic context For 150 years the fables told in the ninth century about Alfred's childhood have posed

interlocking disciplinary challenges to historians committed to evicting romance from history Blending current Hagiography Studies with historical literary and biblical hermeneutics can help us forgo the anti hagiographic commitments which motivated the scholars who purified the Victorian cult of Alfred by expunging his legends and salvaging his historicity The book focusses on the typological functions of three Alfredian fables from the Old English Chronicle the Old English Boethius and Asser's Vita lfredi analyses the plot common to all three critiques the psychological conjecture that Alfred's childhood memory was their common source and shows that synoptically they can help us see how Alfred shaped the curve of his own life's destiny and how he engaged in the formation of his own cult to last a thousand years *Wealth and the Material World in the Old English Alfredian Corpus* Amy Faulkner, 2023 A new materialistic reading of the Alfredian corpus drawing on diverse approaches from thing theory to Augustinian principles of use and enjoyment to uncover how these works explore the material world The Old English prose translations traditionally attributed to Alfred the Great versions of Gregory's Regula pastoralis Boethius De consolatione philosophiae Augustine's Soliloquia and the first fifty Psalms urge detachment from the material world but despite this its flotsam and jetsam from costly treasures to everyday objects abound within them This book reads these original and inventive translations from a materialist perspective drawing on approaches as diverse as thing theory and Augustine's principles of use and enjoyment By focussing on the material it offers a fresh interpretation of this group of translations bringing out their complex often contradictory relationship with the material world It demonstrates that as in the poetic tradition wealth in Alfredian literature is not simply a tool to be used or something to be enjoyed in excess rather in moving away from these two static binaries it shows that wealth is a current flowing both horizontally as an exchange of gifts between humans and vertically as a salvific current between earth and heaven The prose translations are situated in the context of Old English poetry including Beowulf The Wanderer The Seafarer the Exeter Book Riddles and The Dream of the Rood The Jewel House George John Younghusband, 1921
