*Lacan et l'éducation* Sébastien Ponnou, 2015-01-01 La question des liens entre éducation et psychanalyse a largement été débattue dans la littérature universitaire en sciences de l'éducation la littérature professionnelle du secteur du travail social et la littérature psychanalytique de langue française Or la comparaison entre ces trois champs laisse apparaître qu'il n'existe pas de mise en exergue d'une conception lacanienne de l'éducation Partant de ce triple constat Sébastien Ponnou a réuni l'ensemble du corpus lacanien paru et inédit afin d'en dégager les occurrences pertinentes sur le thème de l'éducation Lacan Et L'education Sébastien Ponnou Sébastien Ponnou, 2016 **Freud's Papers on Technique, 1953-1954** Jacques Lacan, 1988 This volume is the transcript of the first year of Lacan's world famous seminar Taking as its theme the technique of psychoanalysis within the framework of Lacan's return to Freud it includes elaboration of Lacan's notions of the symbolic the imaginary and the real the importance of speech and language in psychoanalysis and the interpretation to be put on the mirror stage **Pour une clinique du réel** Stoian Stoianoff-Nénoff, 1998 Et si le bonheur n'était qu'une question de choix identificatoire Et si l'identification à l'Autre n'était qu'un des moyens mis en œuvre pour réparer les dommages produits par la survenue d'une blessure au niveau du nœud fondamental du sujet par exemple Privation Frustration Castration sont ici les nominations de l'entre-deux qu'examine cet ouvrage et où un sujet est susceptible de basculer lorsqu'il désespère de trouver sa place dans le changement social **The Seminar of Jacques Lacan** Jacques Lacan, 1988 A complete translation of the seminar that Jacques Lacan gave in the course of a year's teaching within the training programme of the Société Française de Psychanalyse The French text was prepared by Jacques Alain Miller in consultation with Jacques Lacan from the transcriptions of the seminar **Conversations with Lacan** Sergio Benvenuto, 2019-12-06 Conversations with Lacan Seven Lectures for Understanding Lacan brings a unique non-partisan approach to the work of Jacques Lacan linking his psychoanalytic theory and ideas to broader debates in philosophy and the social sciences in a book that shows how it is possible to see the value of Lacanian concepts without necessarily being defined by them In accessible conversational language the book provides a clear-sighted overview of the key ideas within Lacan's work situating them at the apex of the linguistic turn It deconstructs the three Lacanian orders the symbolic the imaginary and the real as well as a range of core Lacanian concepts including alienation and separation après coup and the Lacanian doctrine of temporality Arguing that criticism of psychoanalysis for a lack of scientificity should be accepted by the discipline the book suggests that the work of Lacan can be helpful in re-conceptualizing the role of psychoanalysis in the future This accessible introduction to the work of Jacques Lacan will be essential reading for anyone coming to Lacan for the first time as well as clinicians and scholars already familiar with his work It will appeal to psychoanalysts psychotherapists and scholars of philosophy and cultural studies **Jacques Lacan's Return to Freud** Philippe Julien, 1995-07-01 Among the numerous introductions to Lacan published to date in English Philippe Julien's work is certainly outstanding Beyond its conceptual clarity the book constitutes

an excellent guide to Lacanian psychoanalytic practice Andr Patsalides Psychoanalyst and President Lacanian School of Psychoanalysis From 1953 to 1980 Jacques Lacan sought to accomplish a return to Freud beyond post Freudianism He defined this return as a new covenant with the meaning to the Freudian discovery Each year through his teaching he brought about this return What was at stake in this renewal Philippe Julien who joined Lacan s Ecole Freudienne de Paris in 1968 attempts to answer this question Situated in the period after Lacan Julien shows that Lacan s return to Freud was neither a closing of the Freudian text by responding to questions left unanswered nor a reopening of the text by giving endless new interpretations Neither dogmatic nor hermeneutic Lacan s return to Freud was the return of an inevitable discordance between our experience of the unconscious and any attempt to give an account of it For the unconscious by its very nature disappears at the same moment as it is discovered It is in this sense that the author can claim that Lacan s return to Freud will have been Freudian Constantly challenging the reader to submit to the rigors of Lacan s sinuous thinking this penetrating work goes far beyond being a mere introduction Rendered into elegant English by the American translator who added numerous footnotes and scholarly references to the French original this study brings Lacanian scholarship among English readers to a new level of sophistication Neither dogmatic nor hermeneutic Lacan s return to Freud was the return of an inevitable discordance between our experience of the unconscious and any attempt to give an account of it For the unconscious by its very nature disappears at the same moment as it is discovered It is in this sense that the author can claim that Lacan s return to Freud was Freudian
