# Lachlan McIntosh And The Politics Of Revolutionary Georgia

**William Harden**

## **Lachlan McIntosh And The Politics Of Revolutionary Georgia:**

Lachlan McIntosh and the politics of Revolutionary Georgia Harvey H. Jackson, 1979      **Scottish Highlanders in Colonial Georgia: The Recruitment, Emigration, and Settlement at Darien, 1735-1748** Anthony W. Parker, 2010-07-01 Between 1735 and 1748 hundreds of young men and their families emigrated from the Scottish Highlands to the Georgia coast to settle and protect the new British colony These men were recruited by the trustees of the colony and military governor James Oglethorpe who wanted settlers who were accustomed to hardship militant in nature and willing to become frontier farmer soldiers In this respect the Highlanders fit the bill perfectly through training and tradition Recruiting and settling the Scottish Highlanders as the first line of defense on the southern frontier in Georgia was an important decision on the part of the trustees and crucial for the survival of the colony but this portion of Georgia s history has been sadly neglected until now By focusing on the Scots themselves Anthony W Parker explains what factors motivated the Highlanders to leave their native glens of Scotland for the pine barrens of Georgia and attempts to account for the reasons their cultural distinctiveness and old world experience aptly prepared them to play a vital role in the survival of Georgia in this early and precarious moment in its history      **In Pursuit of Dead Georgians** George R. Lamplugh, 2015-06-24 George R Lamplugh a historian of Georgia and the South explores some of his home states most fascinating historical events beginning with the American Revolution and continuing through the 1850s in this well researched collection of essays He covers political factionalism during the American Revolution the development of political parties in Georgia which was different from the process in other states and the impact of the Yazoo Land Fraud on Georgias political development Some of the most fascinating essays focus on the maneuverings of individual politicians such as William Few who was determined to exert local influence after the American Revolution by having the Richmond County courthouse and jail and hence the county polling place constructed in the settlement of Brownsborough rather than in Augusta More complex issues get equal treatment such as how after the War of 1812 political parties in Georgia began to slowly adopt policies that were popular in other states even though that meant hurting Creeks Cherokees and slaves While Georgia didnt always live up to democratic ideals its political history teaches us a lot about our past and possible future      *A History of Georgia* Kenneth Coleman, 1991 First published in 1977 A History of Georgia has become the standard history of the state Documenting events from the earliest discoveries by the Spanish to the rapid changes the state has undergone with the civil rights era the book gives broad coverage to the state s social political economic and cultural history This work details Georgia s development from past to present including the early Cherokee land disputes the state s secession from the Union cotton s reign Reconstruction the Bourbon era the effects of the New Deal Martin Luther King Jr the fall of the county unit system and Jimmy Carter s election to the presidency Also noted are the often overlooked contributions of Indians blacks and women Each imparting his own special knowledge and understanding of a particular period in the state s history the authors bring into focus the

personalities and events that made Georgia what it is today For this new edition available in paperback for the first time A History of Georgia has been revised to bring the work up through the events of the 1980s The bibliographies for each section and the appendixes have also been updated to include relevant scholarship from the last decade Lachlan McIntosh Papers in the University of Georgia Libraries ,2021-10-15 Lachlan McIntosh Papers documents Georgia s history during the early Revolutionary War period through the experiences of General Lachlan McIntosh a prominent Scottish American political and military leader These papers provide a behind the scenes glimpse into political decisions and military movements throughout the first two years of the war This collection illuminates McIntosh s instrumental role in the events of the early Revolutionary War period through his correspondence from reports to new commander in chief George Washington to various letters with other military and political leaders of the time The Georgia Open History Library has been made possible in part by a major grant from the National Endowment for the Humanities Democracy demands wisdom Any views findings conclusions or recommendations expressed in this collection do not necessarily represent those of the National Endowment for the Humanities *Republics Ancient and Modern, Volume III* Paul A. Rahe,2017-10-06 First published in 1992 and now available in paperback in three volumes Paul Rahe s ambitious and provocative book bridges the gap between political theory comparative history and government and constitutional prudence Rahe challenges prevailing interpretations of ancient Greek republicanism early modern political thought and the founding of the American republic An extraordinary book It is a great achievement and will stay as a landmark The Spectator London This is the first comprehensive study of republicanism ancient and modern written for our time Harvey Mansfield Harvard University A stunning feat of scholarship presented with uncommon grace and ease the sort of big important book that comes along a few times in a generation In an age of narrow specialists it ranges through the centuries from classical Greece to the new American Republic unfolding a coherent new interpretation of the rise of modern republicanism World class and sure to have a quite extraordinary impact Lance Banning University of Kentucky Volume I The Ancien R gime in Classical Greece Where social scientists and many ancient historians tend to follow Max Weber or Karl Marx in asserting the centrality of status or class Rahe s depiction of the illiberal martial republics of classical Hellas vindicates Aristotle s insistence on the determinative influence of the political regime and brings back to life a world in which virtue is pursued as an end politics is given primacy and socioeconomic concerns are subordinated to grand political ambition Volume II New Modes and Orders in Early Modern Political Thought Where many intellectual historians discern a revival of the classical spirit in the political speculation of the age stretching from Machiavelli to Adam Smith Rahe brings to light a self conscious repudiation of the theory and practice of ancient self government and an inclination to restrict the scope of politics to place greater reliance on institutions than on virtuous restraint and to give free rein to the human s capacities as a tool making animal Volume III Inventions of Prudence Constituting the American Regime Where students of the American founding are inclined to dispute whether the Revolution

was liberal republican or merely confused Rahe demonstrates that the American regime embodies an uneasy fragile and carefully worked out compromise between the enlightened despotism espoused by Thomas Hobbes and the classical republicanism defended by Pericles and Demosthenes Forty Years of Diversity Harvey H. Jackson, Phinizy Spalding, 1984 This collection of essays grew out of a symposium commemorating the 250th anniversary of the founding of Georgia The contributors are authorities in their respective fields and their efforts represent not only the fruits of long careers but also the observations and insights of some of the most promising young scholars Forty Years of Diversity sheds new light on the social political religious and ethnic diversity of colonial Georgia **Morningstars of Liberty: The Revolutionary War in**

**Georgia, 1775-1783** Gordon Burns Smith, 2006 **Books on Early American History and Culture, 1971-1980** Raymond D. Irwin, 2004-11-30 Books on Early American History and Culture 1971-1980 An Annotated Bibliography continues a series of bibliographies listing book length works on North America and the Caribbean prior to 1815 Essential for scholars librarians and students of early America the book surveys nearly 1 200 monographs essay collections exhibition catalogues and reference works published between 1971 and 1980 In addition to bibliographic information each entry includes brief annotations which describe the scope and approach to each item and the book's main thesis Also included are lists of journals where each work has been reviewed and the number of times the book has been cited in professional literature and the number of OCLC member libraries holding the work In 31 thematic sections the book covers such topics as exploration and colonialization Native Americans the American Revolutionary War the Constitution race and slavery gender religion

*Politics on the Periphery* George R. Lamplugh, 1986 By considering in detail ideology sectionalism social tensions personalities and land hunger as factors in Georgia politics this study sheds new light on party formation in the early American republic Illustrated *Ratifying the Constitution* Michael Allen Gillespie, Michael Lienesch, 1989 How the United States Constitution was ratified by Delaware Pennsylvania New Jersey Georgia Connecticut Massachusetts Maryland South Carolina New Hampshire Virginia New York State North Carolina Rhode Island The Atlanta Historical Journal, 1980

**A Standard History of Georgia and Georgians: The Colonial period or Georgia under the English crown, 1732-1775 ; The Revolutionary period or Georgia in the struggle for independence, 1775-1783 ; The early commonwealth period or the beginnings of a great state, 1783-1802 ; The period of expansion or Georgia in the process of growth, 1802-1857** Lucian Lamar Knight, 1917 *Lachlan McIntosh* Thomas Johnson Baker, 1966 *The Encyclopedia of the American Revolutionary War* Gregory Fremont-Barnes, Richard Alan Ryerson, 2006 Contains entries that provide information on topics related to the American Revolution covering politics people warfare and culture arranged alphabetically from E to L with maps and illustrations **Republics Ancient and Modern** Paul Anthony Rahe, 1992 An assessment of the ancient Greek city and its subsequent influence A masterwork of political theory and comparative politics for the classroom In a series of sketches touching on everything from the lust for honor to the suspicion of commerce and

philosophy from the role of homoerotic bonds in maintaining military formations to the distrust of technological innovation Rahe brilliantly reminds us how utterly committed the Greeks were to a politics in which the distribution of honors education and culture in all their forms and economic activity were all designed to preserve civic solidarity Jack N Rakove American Historical Review An extraordinary book It is a great achievement and will stay as a landmark Patrick Leigh Fermor The Spectator London A work of magisterial erudition Journal of American History     **Revolutionary epoch** Charles Colcock Jones (Jr.),1883     *Southern Studies* ,1980 An interdisciplinary journal of the South     **American Generals of the Revolutionary War** Robert P. Broadwater,2007 This book presents basic biographical information about America s first generals in the Revolutionary War Drawn from primary sources each biographical sketch provides date and place of birth prewar education and occupation wartime service date and place of death and burial Portraits are included where available and appendices display statistics Provided by publisher     **A History of Savannah and South Georgia** William Harden,1913
