to the changing dynamics of Indian culture The book historically situates these emerging trends in relation to previous norms and develops new innovative paradigms for conceptualizing Bollywood in the twenty first century The particular shifts in contemporary Bollywood cinema that the book examines include the changing nature of the song and dance sequence the evolving representations of male and female sexuality and the increasing presence of whiteness as a dominant trope in Bollywood cinema It also focuses on the increasing presence of Bollywood in higher education courses in the West as well as how Bollywood's growing presence in such academic contexts illuminates the changing ways in which this cinema is consumed by Western audiences Shifting the focus back on the cinematic elements of contemporary films themselves the book analyses Bollywood films by considering the film dynamics on their own terms and related to their narrative and aesthetic usage rather than through an analysis of large scale industrial practices It will be of interest to students and scholars of South Asian Studies Film Studies and Cultural Studies

Yosefa Loshitzky, 2010-01-01 2002 A Choice Outstanding Academic Book The struggle to forge a collective national identity at the expense of competing plural identities has preoccupied Israeli society since the founding of the state of Israel In this book Yosefa Loshitzky explores how major Israeli films of the 1980s and 1990s have contributed significantly to the process of identity formation by reflecting projecting and constructing debates around Israeli national identity Loshitzky focuses on three major foundational sites of the struggle over Israeli identity the Holocaust the question of the Orient and the so called in an ironic historical twist of the Jewish question Palestinian question The films she discusses raise fundamental questions about the identity of Jewish Holocaust survivors and their children the second generation Jewish immigrants from Muslim countries or Mizrahim particularly the second generation of Israeli Mizrahim and Palestinians Recognizing that victimhood marks all the identities represented in the films under discussion Loshitzky does not treat each identity group as a separate and coherent entity but rather attempts to see the conflation interplay and conflict among them
