Is There Supernatural Series:

Focus On: 100 Most Popular Television Series by Warner Bros. Television Wikipedia contributors, **Serial Crime Fiction** Carolina Miranda, Jean Anderson, Barbara Pezzotti, 2016-02-12 Serial Crime Fiction is the first book to focus explicitly on the complexities of crime fiction seriality Covering definitions and development of the serial form implications of the setting and marketing of the series it studies authors such as Doyle Sayers Paretsky Ellroy Marklund Camilleri Borges across print film and television *Meta Television* Erin Giannini, 2024-03-18 The idea of metatextuality is frequently framed as a recent television development and often paired with the idea that it represents genre exhaustion US television however with its early live performances and set bound sitcoms always suggested an element of self awareness that easily shaded into metatextuality even in its earliest days Meta Television thus traces the general history of US television s metatextuality throughout television s history arguing that TV s self awareness is nothing new and certainly not evidence of a period of aesthetic exhaustion but instead is woven into both its past and present practice elucidated through case studies featuring series from the 1970s to the present day many of which have not been critically analyzed before and the various ways they deploy metatext to both construct and deconstruct their narratives Further Meta Television asserts that this re and de construction of narrative and production isn t just a reward to the savvy and or knowledgeable viewer or consumer but seeks to make broader points about the media we consume and how we consume it This book explores the ways in which the current metatextual turn in both the usual genres in which it appears horror and sci fi fantasy and its movement into drama and sitcom represents the next turn in television s inherent self awareness It traces this element throughout television s history growing from the more modest reflexivity of programs awareness of themselves as created objects in a particular medium to the more significant breaking of the fictive illusion and therefore the perceived distance between the audience and the series Erin Giannini shows how the increased currency of metatextual television in the contemporary era can be tied to a viewership well versed in its stories and production as well as able and willing to talk back via social media If television reflects culture to a certain extent this increased reflexivity mirrors that responsive audience as a consequence of the lack of distance that metafiction embraces As Robert Stam traced the use and implications of reflexivity in film and literature this book does the same for television further problematizing John Ellis s glance theory in terms of both production and spectatorship **The X-Files FAQ** John Kenneth Muir, 2015-08-01 The X Files FAQ explores Chris Carter s popular 1990s science fiction TV series which aired on Fox for nine seasons and inspired spin offs including feature films TV shows toys novels and comic books The book explores the series in terms of its historical context and analyzes how many of the episodes tackle the events of their time the Clinton era The X Files FAQ also tallies the episodes that are based on true stories selects touchstone moments from the almost decade long run and organizes the series by its fantastic subject matter from serial killers to aliens from prehistoric menaces to ethnic and religious based horrors In addition the book recalls the TV

antecedents Kolchak The Night Stalker and descendants Fringe of The X Files examines the two feature films and investigates Chris Carter's other creations including Millennium The Lone Gunmen Harsh Realm and The After Featuring numerous stills and the show's most prominent writers and directors The X Files FAQ allows readers to relive the Mytharc conspiracy and the unforgettable monsters of the week from the Fluke Man to the Peacocks *Encyclopedia of Fantasy and Horror Fiction* Don D'Amassa, 2014-05-14 *Encyclopedia of Fantasy and Horror Fiction* provides comprehensive coverage of the major authors and works in these popular genres Each entry includes a brief discussion of the author's life and work and includes a full bibliography Each entry on ABC Family to Freeform TV Emily L. Newman, Emily Witsell, 2018-02-20 Launched in 1977 by the Christian Broadcasting Service originally associated with Pat Robertson the ABC Family Freeform network has gone through a number of changes in name and ownership Over the past decade the network now owned by Disney has redefined family programming for its targeted 14 to 34 year old demographic addressing topics like lesbian and gay parenting postfeminism and changing perceptions of women the issue of race in the U S and the status of disability in American culture This collection of new essays examines the network from a variety of perspectives with a focus on inclusive programming that has created a space for underrepresented communities like transgender youth overweight teens and the deaf **A Companion to Media Fandom and Fan Studies** Paul Booth, 2018-02-26 *A Companion to Media Fandom and Fan Studies* offers scholars and fans an accessible and engaging resource for understanding the rapidly expanding field of fan studies International in scope and written by a team that includes many major scholars this volume features over thirty especially commissioned essays on a variety of topics which together provide an unparalleled overview of this fast growing field Separated into five sections Histories Genealogies Methodologies Fan Practices Fandom and Cultural Studies Digital Fandom and The Future of Fan Studies the book synthesizes literature surrounding important theories debates and issues within the field of fan studies It also traces and explains the social historical political commercial ethical and creative dimensions of fandom and fan studies Exploring both the historical and the contemporary fan situation the volume presents fandom and fan studies as models of 21st century production and consumption and identifies the emergent trends in this unique field of study **The Works of Orestes A. Brownson: Philosophy of religion** Orestes Augustus Brownson, 1883 **The Works of Orestes A. Brownson: Controversy** Orestes Augustus Brownson, 1884 *The Union Seminary Review* Union Theological Seminary in Virginia, 1929 *Television and New Media* Jennifer Gillan, 2010-10-18 *Television and New Media* introduces students to the ways that new media technologies have transformed contemporary television production distribution and reception practices Drawing upon recent examples including *Lost* *24* and *Heroes* this book closely examines the ways that television programming has changed with the influx of new media transforming nearly every TV series into a franchise whose on air online and on mobile elements are created simultaneously and held together through transmedia storytelling This book is essential for understanding how creative and industrial forces have worked together in the new

media age to transform the way we watch TV The Outlook Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin
