Isizulu Paper2exampler For 2013:

Insights in Family Medicine and Primary Care: 2021 Arch Mainous, 2022-11-18 *Hip-Hop in Africa* Msia Kibona Clark, 2018-04-30 Throughout Africa artists use hip hop both to describe their lives and to create shared spaces for uncensored social commentary feminist challenges to patriarchy and resistance against state institutions while at the same time engaging with the global hip hop community In *Hip Hop in Africa* Msia Kibona Clark examines some of Africa's biggest hip hop scenes and shows how hip hop helps us understand specifically African narratives of social political and economic realities Clark looks at the use of hip hop in protest both as a means of articulating social problems and as a tool for mobilizing listeners around those problems She also details the spread of hip hop culture in Africa following its emergence in the United States assessing the impact of urbanization and demographics on the spread of hip hop culture *Hip Hop in Africa* is a tribute to a genre and its artists as well as a timely examination that pushes the study of music and diaspora in critical new directions Accessibly written by one of the foremost experts on African hip hop this book will easily find its place in the classroom *ECRM 2022 21st European Conference on Research Methods in Business and Management* Manuel Au-Yong-Oliveira, Carlos Costa, 2022-06-02 **Drawing for Science Education** Phyllis Katz, 2017-03-23 This book argues for the essential use of drawing as a tool for science teaching and learning The authors are working in schools universities and continual science learning CSL settings around the world They have written of their experiences using a variety of prompts to encourage people to take pen to paper and draw their thinking sometimes direct observation and in other instances their memories The result is a collection of research and essays that offer theory techniques outcomes and models for the reader Young children have provided evidence of the perceptions that they have accumulated from families and the media before they reach classrooms Secondary students describe their ideas of chemistry and physics Teacher educators use drawings to consider the progress of their undergraduates understanding of science teaching and even their moral ethical responses to teaching about climate change Museum visitors have drawn their understanding of the physics of how exhibit sounds are transmitted A physician explains how the history of drawing has been a critical tool to medical education and doctor patient communications Each chapter contains samples insights and where applicable analysis techniques The chapters in this book should be helpful to researchers and teachers alike across the teaching and learning continuum The sections are divided by the kinds of activities for which drawing has historically been used in science education An instance of observation Audubon Linnaeus A process how plants grow over time what happens when chemicals combine Conceptions of what science is and who does it Images of identity development in science teaching and learning *Routledge Handbook of Arts and Global Development* Vicki-Ann Ware, Kirsten Sadeghi-Yekta, Tim Prentki, Wasim al Kurdi, Patrick Kabanda, 2024-08-29 This book brings together a leading team of international experts in arts and global development to showcase effective practice and to explore how this vibrant interdisciplinary field has developed and what the latest research

can teach us Although arts play a central role in human development and in the health and wellbeing of individuals and communities few have attempted to comprehensively explore arts practice as global development This Handbook first provides a theoretical framework for exploring arts and global development before surveying a comprehensive range of art forms and development practices to explore the potential of the arts to strategically and beneficially contribute to more just and equitable conditions for communities across the globe Stretching across the arts from theatre dance and music to poetry film and visual arts the book covers topics as diverse as health education peacebuilding livelihoods sustainability activism and arts as research method in programming The Handbook also identifies gaps in the literature pointing towards the most pressing and promising avenues for further research over the next few years This book will be an essential resource for any researcher student or practitioner wishing to understand the role of the arts in global development and in the global south more generally

Peacebuilding Legacy Sukanya Podder,2022-08-08 A fundamental challenge plagues the global peacebuilding community How can technocratic approaches to peacebuilding that are rooted in short term project based execution of activities further the longer term transformative outcomes like altering young people s attitudes and beliefs about peace and violence In response to this global challenge in Peacebuilding Legacy Sukanya Podder analyzes the long term effects of peacebuilding programmes involving children and young people Podder unpacks the concept of peacebuilding legacy through the lens of time transformation and intergenerational peace Podder also develops unique qualitative cues for measuring legacy in terms of the institutional normative and organizational logics If norms resonate strongly with the local context they are likely to encourage strong retention and meaningful adoption over time Successful institutionalization of project models through planned handover to successor national organizations or government departments holds the key to stronger local ownership Organizational learning and reflection can support this process through a more strategic approach to programming and through post exit studies Regarding attitude change Podder found that the media and peace education projects that targeted individuals ingrained beliefs and values but overlooked the role of group social norms had only limited persuasive effects To shift the values practices norms and beliefs of the younger generation the mindset of the older generation must also be targeted Changes in the legal political economic and other social institutions are critical for long term and meaningful transformation This requires adopting an ecological model of peace
