

Catherine Dufour Kurt Cobain contre Dr. No

Je vois les choses de façon si aiguë... Si je me casse les yeux, je peux voir des petites traces de résidus blancs dans le coin externe de mes yeux. Ou alors une conjonctivite. Je peux les suivre tandis que mon cœur descend, c'est comme regarder un film avec des lentilles ou de la gelée, comme observer du plancton au microscope. Et si je regarde en direction du soleil, le flottement orange vif dessine le tracé intense de cellules sanguines, ou ce que j'imagine être des cellules sanguines qui bougent très rapidement et je ne tiens pas longtemps avant que mes yeux ne se fatignent, et je dois détourner le regard du soleil et me frotter les paupières très fort. Je vois de petites sphères de lumière étincelantes qui s'appellent ça des étoiles — qui ne durent qu'un instant, puis j'ouvre mes yeux mouillés de larmes à nouveau et regarde le ciel, loin du soleil, et oui, il y a toujours de petites traces blanches et tendues à la périphérie.

Coarseness in U.S. Public Communication Philip Dalton, Eric Mark Kramer, 2012-08-31 Public expression in the United States has become increasingly coarse Whether it's stupid rude base or anti intellectual talk it surrounds us Popular television film music art and even some elements of religion have become as coarse we argue as our often disparaged political dialogue This book's contention is that the U.S. semantic environment is governed by tactics not tact We craft messages that work that perform their desired function We are instrumental strategic communicators As such entertainment and journalism that draw an audience for instance are good This follows the logic that the marketplace an aggregate of hedonically motivated individuals decides what's good Market logic when unencumbered by what some

characterize as quaint human sentimentalities liberates us to cynically communicate whatever and however we want Whatever improves ratings web traffic ticket sales concession sales repeat purchases and earnings is good Embracing this communicative paradigm more fully necessitates the culture's abandonment of collective notions of both taste and veracity thus weakening the forces that keep individual desires in check Our present communication environment is one that invites the hypertrophic expression of the ego enabling elites to erode public communication standards and repeal laws and regulations resulting in immeasurable individual fortunes Meanwhile perpetual plutocratic rule is made even more certain by the cacophonous public noise the rest of us are busy making leaving us incapable disinterested and unwilling to listen to one another

Autopsia de una bruja Esther Sonder, 2024-10-14 El dolor es inevitable el sufrimiento es una opción Buda Este lema resumir a el mundo interior de Gema pues lo hizo su modo de vida desde que tuvo consciencia sin siquiera conocer qui n era Buda o el significado de sus palabras Porque no nos engañamos la vida duele duele y a veces lo hace de forma extrema Gema conoció ese dolor demasiado joven siendo apenas una niña quizás por este motivo aún conservaba la visión que solo la pureza e inocencia de la niñez pueden aportar lo que le permitiera crear su propio mundo el mundo que ella era y no el que le querían mostrar Ahora Gema tiene 37 años y se enfrenta a uno de los fantasmas más aterradores que existen al miedo al miedo a que algo inesperado la separe de su hija de tan solo dos años Esta irreal incapacitante e inevitable emoción impulsar a esta joven madre a contarle a su hija su historia transmitiéndole un legado extraordinario sarcástico y emocionante que siempre las mantendrá unidas Porque existen vínculos que jamás se pueden romper Un impactante relato de superación y resiliencia en el que la realidad superar la ficción haciéndonos vibrar Una historia en la que ser revelado un incógnito modo y surrealista secreto que llevar a Gema a conocer qui n fue realmente su madre y con el que la ayudará a descubrir una verdad que el mundo en el que vivimos no es tal y como nos lo cuentan
