Harold Haynes, P. G. Strasman, 2013-02 A maintenance repair manual for the DIY mechanic     *BRIXMIS and the Secret Cold*  
*War* Andrew Long, 2024-09-30 A detailed account of British intelligence operations in Cold War East Germany revealing  
Soviet and East German military secrets from 1946 to 1990 The German Democratic Republic or East Germany was the  
frontline in the Cold War packed with hundreds of thousands of Soviet and East German troops armed with the latest Warsaw  
Pact equipment lined up along the 1 400 km Inner German Border However because of the repressive East German police  
state little human intelligence about these forces reached the West Who were they Where were they located What were they  
doing How were they equipped What were their intentions NATO was lined up in West Germany to face these forces and  
relied on getting up to date intelligence to warn of any threat Indicators of Hostility that could be a precursor to an invasion  
BRIXMIS the British Commanders in Chief Mission to the Soviet Forces in Germany was on hand to provide that intelligence  
Thanks to an obscure 1946 agreement between the British and Soviets that established liaison missions in their respective  
zones of occupation the British were able to send highly qualified military observers into East Germany to roam relatively  
freely and keep an eye on what was going on What started as liaison a point of contact between the British and Soviet  
occupation forces developed into a very sophisticated intelligence collection operation sending tours out every day of the  
year between 1946 and when the Mission closed in 1990 These tours were undertaken in high performance highly modified  
marked vehicles with personnel in uniform and unarmed apart from professional photographic equipment and occasionally  
some top secret gadgets from the boffins back in the UK They joined their French and American colleagues in snooping  
around the opposition photographing military bases equipment and maneuvers and trying to evade capture by the secret  
police and counterintelligence units They faced danger and violence daily but thanks to their bravery and professionalism the  
West had accurate and up to date information on what was happening in East Germany which helped keep the peace all that  
time This is the story of this little known unit and their exploits behind enemy lines     **Motor Cycling and Motoring**, 1987
