

MANUAL HANDLING

LIFT WITH YOUR LEGS
KEEP YOUR BACK STRAIGHT
KNOW YOUR LIMITS

ASSESS your task FIRST

WET and you're your steed
over the back. Clear any
obstacles from your path and
know where obstacles will be in
an unclear path.

Position your feet apart

Ensure your legs are shoulder
width apart for maximum
support. Walk in small steps
to maintain shoulder width
placement.

TIGHTEN your abs

Using your core abdominal
muscles will hold you in the
proper lifting position and
reduce strain on your spine.

LIFT with your LEGS

Bend at the knees & hips not
your back. Your leg muscles are
stronger than your back and can
withstand greater force. This
is known as the Sore Neck
Technique (Fing 10).

Keep your back STRAIGHT

When you keep your back
straight (straighten your legs
using the majority of the weight
making you less likely to injure
your back.

HOLD the object at waist level and close to the body

Your arms and your back are
better equipped to lift a heavy
object at waist level and closer
to your body than at any other
height (avoid far from your
body).

Avoid lifting overhead or from below knee height

The risk of injury increases
when objects are lifted
from overhead or below
knee height. Avoid carrying
objects at these heights when
possible.

Don't BEND or TWIST while you are lifting or carrying

Improper bending or twisting
could throw you off balance or
cause injury.

REDUCE the size of the load when possible

When possible reduce the size
of the load or object or make
smaller but more frequent
trips, e.g. stretch a heavy load
into smaller sections.

Use lifting aids

When possible use mechanical
aids or get help to lift or
carry a heavy load whenever
possible. Options include:
equipment, conveyor belts,
trucks, cranes or forklifts.

Two person lifts

When lifting with two or more
people ALWAYS ensure people
of same size and strength for
manual handling tasks.

LIMIT

KNOW your limits!

Ask for help. If you cannot
lift an object, don't. Even if
the object is not heavy, if it is
unusually large or unstable,
it can be difficult to lift. It is
easier to ask and ask for
assistance than to try and
lift something that could
potentially cause injury.

Tourism in Northern Ireland and its economic impact and benefits Great

Britain: Parliament: House of Commons: Northern Ireland Affairs Committee,2007-03-15 The Committee's report examines the nature of tourism in Northern Ireland its impact on and importance for the overall economy and the effectiveness of measures taken by Government and other relevant agencies to develop promote and support the marketing of Northern Ireland as a tourist destination The Committee's recommendations are addressed to the Northern Ireland Office which took back responsibility for tourism in Northern Ireland when the power sharing executive was suspended in October 2002 but if a power sharing executive is re established then responsibility for tourism will revert to the restored Executive and accordingly responsibility for scrutiny of this policy area would revert to the Committees of a restored Assembly The Committee's report makes 27 recommendations to help Northern Ireland maximise its tourist potential and concludes that if government recognises the enormous economic impact of tourism and if private enterprise in co operation with statutory bodies can develop this recognition into a coherent strategy there is no reason why the success of tourism in the Republic of Ireland should not be replicated in Northern Ireland to the advantage of the whole island of Ireland and with Northern Ireland itself enjoying an equivalent status to Scotland and Wales as a UK tourist destination
