Consecutive interpretation

Listen carefully to the whole sentence/segment;

Pay special attention to key words and details (names, numbers, dates, etc.); Memorize key words and details (or take notes if it works better for you); Interpret into best possible target language sentences;

Mind your enunciation; Save your repeats (two allowed) for long sentences/segments.

Simultaneous interpretation

Look out for the points the speaker is trying to get across;

Pay attention to important details such as date, time, and numbers;

Keep a steady flow of words, and don't waste time fumbling for the exact target language equivalents; Try to establish a delay between the speaker and you that is comfortable for you; Keep pace with the speaker at the delay you established; Don't panic over or think about what you miss; Just remain calm and catch up with the speaker as quickly as you can.
