*Medicare and Medicaid Guide*, 1969      *Does Health Insurance Impede Trade in Health Care Services?* Aaditya Mattoo, Randeep Rathindran, 2005 There is limited trade in health services despite big differences in the price of health care across countries Whether patients travel abroad for health care depends on the coverage of treatments by their health insurance plan Under existing health insurance contracts the gains from trade are not fully internalized by the consumer The result is a strong local market bias in the consumption of health care A simple modification of existing insurance products can create sufficient incentives for consumers to travel For just 15 highly tradable low risk treatments the annual savings to the United States would be 1.4 billion even if only one in 10 patients who need these treatments went abroad Half of these annual savings would accrue to the Medicare program alone The authors examine how measures by destination countries to improve and credibly signal the quality of health care can enhance the scope for trade      *American Book Publishing Record*, 1997      [Medicare & You 2021](#) Centers for Medicare and Medicaid Services, 2020-09-13 This is a handbook for choosing your Medicare coverage It is a low cost print edition of a government publication      [Subject Catalog, 1981](#) Library of Congress, 1981      **Medicare & You 2023** Centers for Medicare Medicaid Services, U S Department of Health, U.
