Simpson, 2014-11-05 A timely and persuasive argument for Higher Education's obligations to our democratic society *Longing for Justice* combines personal narrative with critical analysis to make the case for educational practices that connect to questions of democracy justice and the common good Jennifer S Simpson begins with three questions First what is the nature of the social contract that universities have with public life Second how might this social contract shape undergraduate education And third how do specific approaches to knowledge and undergraduate education inform how students understand society In a bold challenge to conventional wisdom about Higher Education Simpson argues that today's neoliberal educational norms foreground abstract concepts and leave the complications of real life especially the intricacies of power unexamined Analysing modern teaching techniques including service learning and civic engagement Simpson concludes that for Higher Education to serve democracy it must strengthen students abilities to critically analyse social

issues recognize and challenge social inequities and pursue justice **Evaluating Democratic Innovations** Brigitte Geissel, Kenneth Newton, 2012 In the face of increasing political disenchantment many Western governments have experimented with innovations which aim to enhance the working and quality of democracy as well as increasing citizens political awareness and understanding of political matters This text is the most comprehensive account of these various democratic innovations Written by an outstanding team of international experts it examines the theories behind these democratic innovations how they have worked in practice and evaluates their success or failure It explains experiments with new forms of democratic engagement such as Direct Democracy Deliberative Democracy Co Governance E Democracy Drawing on a wide variety of theoretical perspectives and with a broad range of case studies this is essential reading for all students of democratic theory and all those with an interest in how we might revitalise democracy and increase citizen involvement in the political process Handbuch poststrukturalistische Perspektiven auf soziale Bewegungen Judith Vey, Johanna Leinius, Ingmar Hagemann, 2019 Das Handbuch stellt erstmals im deutschsprachigen und internationalen Raum systematisch und vergleichend dar wie soziale Bewegungen aus einer poststrukturalistischen Perspektive analysiert werden können Die Beiträge stellen verschiedene Ansätze vor und zeigen jeweils anhand eines Beispiels aus der Forschungspraxis auf wie dieser Ansatz für die Analyse sozialer Bewegungen genutzt werden kann Durch die Anwendung alternativer Methoden die enge Verknüpfung von Theorie und Praxis und eine gesellschaftstheoretische Perspektive werden auf diese Weise neue Einsichten in den Forschungsgegenstand soziale Bewegungen möglich Das Handbuch ist Teil der Arbeit des Arbeitskreises Poststrukturalistische Perspektiven auf soziale Bewegungen des Instituts für Protest und Bewegungsforschung ipb Berlin
