Communication in a Civil Society Shelley D. Lane, Ruth Anne Abigail, John Gooch, 2016-04-28 Uncivil acts and messages too often color our experience with others Communication in a Civil Society offers an alternative way to teach and learn about communication Every chapter focuses on communication based on respect restraint and ethical choices *We Regret To Inform You* Christopher B. Scharping, 2013-10-23 This well researched World War II novel is based on a true story from Medina a small town between Buffalo and Rochester New York A husband and wife have one son When World War II began the son enlisted in the US Army Air Forces as a pilot The flight training and combat sequences are detailed and accurate Later the son is listed as Missing In Action along with his entire crew and the B 17 bomber they were flying as part of an 8th Air Force mission over Czechoslovakia The father and son have been the closest of friends and the loss and lack of information is unacceptable The father vows to find his son as soon as the war is over The story unfolds from that point Follow the son Allen Stefaniak through college romance flying training and off to war The story takes place in Western New York State Chicago Army bases in Texas Florida Georgia and Maine in England North Africa Germany Sweden and Russia Will the father Stanley be reunited with his son What adventures and frustrations will impede the search Come along and find out The story is panoramic in its scope and universal in its message Live those years of destiny again with the Stefaniak family during one of the most turbulent times in American history Who's Afraid of Academic Freedom? Akeel Bilgrami, Jonathan R. Cole, 2015-02-10 In these seventeen essays distinguished senior scholars discuss the conceptual issues surrounding the idea of freedom of inquiry and scrutinize a variety of obstacles to such inquiry that they have encountered in their personal and professional experience Their discussion of threats to freedom traverses a wide disciplinary and institutional political and economic range covering specific restrictions linked to speech codes the interests of donors institutional review board licensing political pressure groups and government policy as well as phenomena of high generality such as intellectual orthodoxy in which coercion is barely visible and often self imposed As the editors say in their introduction No freedom can be taken for granted even in the most well functioning of formal democracies Exposing the tendencies that undermine freedom of inquiry and their hidden sources and widespread implications is in itself an exercise in and for democracy *Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations for 2006, Part 9, July 26, 2005, 109-1 Hearings, **, 2005 Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations for 2006: Food and Drug Administration, Rural Development, Agricultural Research Service United States.
