Mega Goal 4 Student Book with Audio CD. Manuel Dos Santos, 2011 *MEGA GOAL. 4 (STUDENT BOOK) (CD3)* MCGRAWHILL, 2010-12-01 **Cities and Mega Risks** Mohammad Aslam Khan, 2022-10-11 This book focuses on the emergence of COVID 19 and climate change as twin mega risks to cities of both developed and developing countries. The work analyses how the pandemic has transformed city functions, promoted remote working and affected socializing, education and learning patterns, recreation as well as shopping and entertainment. It discusses the lessons learned from these two Mega Risks, the evolution of urban patterns and functions in their wake and provides visionary thinking for the improvement of cities from the experiences gained. The COVID 19 Pandemic and climate change are both posing serious threats to cities' future. Together they demand changes in the ways cities function and operate. The work presents a case for a better understanding of the twin mega risks, the magnitude of their impacts, the responses of cities in combating these issues and planning strategies for preparing, mitigating and adapting to these and future risks. The book is designed to provide reliable resource materials for a wide audience such as planners, professional practitioners, scientists, students, teachers and researchers working in various fields including geography, environmental sciences, social sciences, policy and planning.

Gonzalez-DeHass, 2019-09-26 Parent Involvement for Motivated Learners provides pre-service teachers and researchers with guidance on how to foster mindful, healthy school-family partnerships that empower students to become resilient, self-directed learners. Given the intense academic pressures on students to succeed and on parents and teachers to help them do so, it is important to develop learners who can weather increased standards and demands. Committed to helping teachers reflect on how parent involvement relates to motivational concepts such as the growth mindset, self-regulated learning and intrinsic motivation to learn, this book is an accessible synthesis of relevant research and theory surrounding student motivation and parent involvement.
