**Bad Indians Book Club** Patty Krawec, 2025-09-16 A fascinating advanced seminar about how to think read think about reading and think about Indigenous lives Booklist starred review In this powerful reframing of the stories that make us Anishinaabe writer Patty Krawec leads us into the borderlands of history science memoir and fiction to ask What worlds do books written by marginalized people describe and invite us to inhabit When a friend asked what books could help them understand Indigenous lives Patty Krawec author of *Becoming Kin* gave them a list This list became a book club and then a podcast about a year of Indigenous reading and then this book The writers in *Bad Indians Book Club* refuse to let dominant stories displace their own and resist the way wemitigoozhiwag European settlers craft the prevailing narrative and decide who they are In *Bad Indians Book Club* we examine works about history science and gender as well as fiction all written from the perspective of *Bad Indians* marginalized writers whose refusal to comply with dominant narratives opens up new worlds Interlacing chapters with short stories about *Deer Woman* who is on her own journey to decide who she is Krawec leads us into a place of wisdom and medicine where the stories of marginalized writers help us imagine other ways of seeing the world As Krawec did for her friend she recommends a list of books to fill in the gaps on our own bookshelves and in our understanding *Becoming Kin* which novelist Omar El Akkad called a searing spear of light led readers to talk back to the histories they had received Now in *Bad Indians Book Club* comes a potent challenge to all the stories settler colonialism tells stories that erase and appropriate deny and deflect Following *Deer Woman* who is shaped by the profuse artistry of Krawec we enter the multiple worlds Indigenous and other subaltern stories create Together we venture to the edges of worlds waiting to be born

**Poor Things** Lennard J. Davis, 2024-10-11 For generations most of the canonical works that detail the lives of poor people have been created by rich or middle class writers like Charles Dickens John Steinbeck or James Agee This has resulted in overwhelming depictions of poor people as living abject violent lives in filthy and degrading conditions In *Poor Things* Lennard J Davis labels this genre poornography distorted narratives of poverty written by and for the middle and upper classes Davis shows how poornography creates harmful and dangerous stereotypes that build barriers to social justice and change To remedy this Davis argues poor people should write realistic depictions of themselves but because of representational inequality they cannot Given the obstacles to the poor accessing the means of publication Davis suggests that the work should at least for now be done by transclass writers who were once poor and who can accurately represent poverty without relying on stereotypes and clichés Only then can the lived experience of poverty be more fully realized

**RIP GOP** Stanley B. Greenberg, 2019-09-10 A leading pollster and adviser to America's most important political figures explains why the Republicans will crash in 2020 For decades the GOP has seen itself in an uncompromising struggle against a New America that is increasingly secular racially diverse and fueled by immigration It has fought non traditional family structures ripped huge holes in the social safety net tried to stop women from being independent and pitted aging rural

Evangelicals against the younger more dynamic cities Since the 2010 election put the Tea Party in control of the GOP the party has condemned America to years of fury polarization and broken government The election of Donald Trump enabled the Republicans to make things even worse All seemed lost But the Republicans have set themselves up for a shattering defeat In RIP GOP Stanley Greenberg argues that the 2016 election hurried the party's imminent demise Using amazing insights from his focus groups with real people and surprising revelations from his own polls Greenberg shows why the GOP is losing its defining battle He explores why the 2018 election when the New America fought back was no fluke And he predicts that in 2020 the party of Lincoln will be left to the survivors opening America up to a new era of renewal and progress America Ascendant Stanley B. Greenberg, 2025-10-16 America is poised to lead the 21st Century as it led the 20th That will happen because the country is at a tipping point in the battle for its own renewal a renewal that will allow America to be exceptional again Our economy is on the move fueled by revolutions in energy immigration innovation big data and advanced manufacturing America's energy independence has set off shockwaves Just as important are the social transformations that are making the country ever more racially and culturally diverse younger a home to immigrants and the metropolitan centers that foster a rising economic and cultural dynamism While most other countries struggle profoundly with immigration and religious and racial differences America's on a path to multicultural identity Those revolutions in the economy society and culture and are also producing a new American majority that embraces new values and new politics Republicans are waging a counter revolution and that is why America looks gridlocked and why the country is turning to Democrats to take on the country's growing challenges The economic and social transformations leave people struggling to earn enough and reach the middle class Families are under stress Government is corrupted by big money The American public is demanding the country address the dark side of our progress and reforms are starting to happen That is why Democrats will get to lead an era of reform and renewal comparable to the progressive era that mitigated the excesses of the Industrial Revolution In this incisive book expert strategist Greenberg draws on years of research and polling to illuminate how America is far from being gridlocked and he articulates a powerful vision of how American politics and America can be renewed **Christian Marriage** David Ayers, 2019-02-06 Why should we care about marriage There is a lot of confusion about the purpose of marriage today outside the church as well as within it Written by a distinguished Christian sociologist Christian Marriage is a theologically rich biblically robust and sociologically informed treatise on the nature and value of marriage Drawing on recent social science research empirical data and social history Ayers paints a picture of marriage as an institution meant for human flourishing Along the way Ayers addresses such topics as Dating and selection of a spouse The importance of premarital counseling Sex and procreation Mentoring and supporting unmarried believers Divorce and remarriage And current controversies surrounding premarital sex and same sex marriage Though the book is academically and theologically informed it is written with a pastoral heart It seeks to provide a rich resource for pastors and counselors on a topic of

supreme importance to a vibrant church and society
