Lose Your Mother A Journey Along The Atlantic Slave Route:

Lose Your Mother Saidiya Hartman, 2007-01-09 In *Lose Your Mother* Saidiya Hartman journeys along a slave route in Ghana following the trail of captives from the hinterland to the Atlantic coast She retraces the history of the Atlantic slave trade from the fifteenth to the twentieth century and reckons with the blank slate of her own genealogy There were no survivors of Hartman s lineage nor far flung relatives in Ghana of whom she had come in search She traveled to Ghana in search of strangers The most universal definition of the slave is a stranger torn from kin and country To lose your mother is to suffer the loss of kin to forget your past and to inhabit the world as a stranger As both the offspring of slaves and an American in Africa Hartman too was a stranger Her reflections on history and memory unfold as an intimate encounter with places a holding cell a slave market a walled town built to repel slave raiders and with people an Akan prince who granted the Portuguese permission to build the first permanent trading fort in West Africa an adolescent boy who was kidnapped while playing a fourteen year old girl who was murdered aboard a slave ship Eloquent thoughtful and deeply affecting *Lose Your Mother* is a powerful meditation on history memory and the Atlantic slave trade *Transnational Black Dialogues*

Markus Nehl, 2016-08-15 Markus Nehl focuses on black authors who from a 21st century perspective revisit slavery in the U S Ghana South Africa Canada and Jamaica Nehl s provocative readings of Toni Morrison s *A Mercy* Saidiya Hartman s *Lose Your Mother* Yvette Christians s *Unconfessed* Lawrence Hill s *The Book of Negroes* and Marlon James *The Book of Night Women* delineate how these texts engage in a fruitful dialogue with African diaspora theory about the complex relation between the local and transnational and the enduring effects of slavery Reflecting on the ethics of narration this study is particularly attentive to the risks of representing anti black violence and to the intricacies involved in re appropriating slavery s archive **The Black Border and Fugitive Narration in Black American Literature** Paula von

Gleich, 2022-03-07 This book tests the limits of fugitivity as a concept in recent Black feminist and Afro pessimist thought It follows the conceptual travels of confinement and flight through three major Black writing traditions in North America from the 1840s to the early 21st century Cultural analysis is the basic methodological approach and recent concepts of captivity and fugitivity in Afro pessimist and Black feminist theory form the theoretical framework *Beyond Inhumanity* Scherto

Gill, 2025-04-21 Collective efforts to address the legacies of slavery and colonialism tend to orient solely towards dealing with material compensation such as reducing economic disparity and levelling access to public services However communities directly impacted by the dehumanizing legacies have insisted on a broader reckoning one that recognizes all dimensions of the harms including the spiritual injury and the relevant psychosocial trauma inflicted across the generations They remind us that harms of structural injustice extend beyond the material the physical and the psychological also entangling the moral relational and spiritual fabric of human life Understanding harms of inhumanity brings to light the layers of damage and is key to identifying interdisciplinary approaches to collective healing social transformation and the well being of all This book

emerges from the ongoing intellectual dialogue as part of the UNESCO Collective Healing Initiative The Initiative focuses on healing the wounds of inhumanity co creating just societies and enhancing the flourishing of current and future generations
