Planning for Retirement Helen Georgaklis,2011-02 Money and emotion are two worlds that never go well together like oil and water Women either have a great relationship with money or it s a disaster With approximately 40 million baby boomers coming into retirement in America alone the question that I have asked myself over and over again is Are they ready Women work their whole lives to earn their pay and make their way all while hopefully building a successful marriage and having children They start to think about retirement only when they reach the near 50 mark If you start thinking about retirement in your 50s it s too late Having worked in the financial world for over 20 years as a financial advisor I ve spent thousands of hours meeting with clients helping them build retirement plans and teaching them what investing means The most significant part of my career focuses on building relationships For the last 6 years I have devoted all my energy towards baby boomer women Many reasons influenced that decision but the biggest reason was that I had become a statistic again 99 THINGS WOMEN WISH THEY KNEW BEFORE PLANNING FOR RETIREMENT is your easy to read easy to understand pocket coach to inspire you to do more for yourself where money is concerned Get smart about your money Arresting Abuse Keith Guzik,2009 Somewhat overlooked in this debate has been how mandatory arrest and no drop prosecution affect abusers a critical question for understanding the power of criminal punishment to combat intimate partner abuse In Arresting Abuse Keith Guzik answers this question Drawing both from firsthand observations of a police department and a criminal court following mandatory policies and extensive interviews with 30 offenders arrested and prosecuted for domestic violence Arresting Abuse provides a critical assessment While mandatory arrest and no drop prosecution allow the state to extend formal legal supervision over an increasing number of violent men and women thus seemingly increasing its power over them offenders prove resistant to change They see themselves as victims of injustice continue to view their violence as justified and devise new strategies to preserve their definition and enactment of self
