Pilot Training Manual for the Invader, A-26 United States. Army Air Forces, 2018-04-20 AAF Manual 51 126 1

INTRODUCTION This manual is the text for your training as a A 26 pilot and airplane commander The Air Forces most experienced training and supervisory personnel have collaborated to make it a complete exposition of what your pilot duties are how each will be performed and why it must be performed in the manner prescribed The techniques and procedures described in this book are standard and mandatory In this respect the manual serves the dual purpose of a training checklist and working handbook Use it to make sure that you learn everything described herein Use it to study and review the essential facts concerning everything taught Such additional self study and review will not only advance your training but will alleviate the burden of your already overburdened instructors This training manual does not replace the Technical Orders for the airplane which will always be your primary source of information concerning the A 26 so long as you fly it This is essentially the textbook of the A 26 Used properly it will enable you to utilize the pertinent Technical Orders to even greater advantage Personal Equipment United States.
